**An Act to enact the Act to promote  
access to family medicine and  
specialized medicine services and to  
amend various legislative provisions  
relating to assisted procreation**

Section 3

**AMENDMENT:**

Replace proposed section 10 by:

“10. In order to raise the quality, safety and ethical standards of assisted procreation activities, the Collège des médecins du Québec draws up guidelines on assisted procreation and ensures that they are followed. The Minister sees to the dissemination of the guidelines.

The guidelines must pertain to, among other factors, the importance of favouring the least invasive techniques based on medical indication, the risk factors for the health of the woman and the child, the conditions of access to preimplantation genetic diagnosis, the period of sexual relations or number of artificial inseminations that must precede an *in vitro* fertilization activity, if applicable, and the criteria, including the woman's age, and the success rates to be considered when a treatment is chosen.

The Collège des médecins du Québec reports on the application of this section in a separate section of its annual report.

**AMENDMENT:**

Replace proposed section 10.2 by:

**“10.2.** If a physician has reasonable grounds to believe that the party or parties to the parental project are likely to endanger the safety or development of any child born of the assisted procreation but wishes to pursue his or her professional relationship with the party or parties, the physician must obtain a positive assessment of the party or parties, carried out by a member of the Ordre des psychologues du Québec or the Ordre des travailleurs sociaux et des thérapeutes conjugaux et familiaux du Québec.

The member of the order is selected by the party or parties to the parental project from a list provided by the order concerned and sent to the Minister.

The assessment is carried out, at the expense of the party or parties to the parental project, on the basis of criteria agreed on by the two professional orders and the Minister. The Minister sees to the dissemination of the assessment criteria.

The Government may, by regulation, determine the conditions applicable to the assessment procedure.

“§ 3. — *Proceedings before the Administrative Tribunal of Québec*

“19.1. A physician who believes he or she has been wronged by a decision rendered under the first or second paragraph of section 13 or under section 13.2 may, within 60 days of notification of the decision, contest it before the Administrative Tribunal of Québec. In such a case, the Tribunal may rule both on the application and, if applicable, on any default arising from the contested decision as well as on the amount of the applicable reduction.

Moreover, a physician who believes he or she has been wronged by a decision rendered under section 15, 18 or 19 may, within 60 days of notification of a decision referred to in section 19, contest the decision before the Administrative Tribunal of Québec.

The Administrative Tribunal of Québec informs the Board of any contestation submitted to it under this section.

**AMENDMENT:**

Insert after proposed section 19.1:

§ 4. — *Application of the reduction*

“19.2. The Board recovers from a physician referred to in section 19, by compensation or otherwise, the amount of the reduction applicable to the physician’s remuneration.

The Board may not, however, recover the amount before 60 days have elapsed since the notification date of the decision under section 19 or, if the amount is being contested before the Administrative Tribunal of Québec, before the decision of that tribunal confirming all or part of the Board’s decision becomes enforceable.

If the Board cannot recover the amount of the reduction by way of compensation, it may issue a certificate stating the physician’s name and address and attesting the expiry of the 60-day period provided for in the second paragraph or the 30-day period following the date of the decision of the Administrative Tribunal of Québec, as applicable, and the reduction amount. On the filing of the certificate at the office of the competent court, the decision becomes enforceable as if it were a judgment of that court that has become final, and it has all the effects of such a judgment. If, after the certificate is issued, the Minister of Revenue allocates, in accordance with section 31 of the Tax Administration Act (chapter A-6.002), a reimbursement owed to a physician under a fiscal law to the payment of the amount of the reduction, the allocation interrupts prescription as regards the recovery of that amount.

§ 4. — *Application of the reduction*

“19.2. The Board recovers from a physician referred to in section 19, by compensation or otherwise, the amount of the reduction applicable to the physician’s remuneration.

The Board recovers the amount as of the notification date of the decision rendered under the second paragraph of section 19.

If the Board cannot recover the amount of the reduction by way of compensation, it may issue a certificate. The certificate may not be issued until 60 days have elapsed since the notification date of the decision rendered under the second paragraph or, as applicable, until the expiry of a 30-day period following the date of the decision of the Administrative Tribunal of Québec confirming all or part of the Board’s decision. The certificate states the physician’s name and address and attests the expiry of the applicable period as well as the reduction amount. On the filing of the certificate with the office of the competent court, the decision becomes enforceable as if it were a judgment of that court that has become final, and it has all the effects of such a judgment. If, after the certificate is issued, the Minister of Revenue allocates, in accordance with section 31 of the Tax Administration Act (chapter A-6.002), a refund owed to a physician under a fiscal law to the payment of the amount of the reduction, the allocation interrupts prescription as regards the recovery of that amount.

Section 1

**AMENDMENT:**

Insert after proposed section 9:

“9.1. All general practitioners subject to an agreement entered into under section 19 of the Health Insurance Act must, to the extent prescribed by government regulation, make themselves available to insured persons within the meaning of that Act by using the medical appointment system mentioned in the sixth paragraph of section 2 of the Act respecting the Régie de l'assurance maladie du Québec. To that end, all physicians must publish their hours of availability in the system and a certain percentage, determined by that regulation, of those hours must be from Monday to Friday, before 8:00 a.m. and after 7:00 p.m., as well as on Saturday and Sunday.

The regulation provided for in this section must determine, among other particulars, the requirements for using the system and the information that must be entered in it.

Section 1

**AMENDMENT:**

Insert the following section after proposed section 9.1:

“9.2. Every general practitioner subject to an agreement entered into under section 19 of the Health Insurance Act must, before practising in a region, obtain from the region’s regional department of general medicine a notice of compliance with the regional medical staffing plan referred to in section 97 of the Act to modify the organization and governance of the health and social services network, in particular by abolishing the regional agencies (chapter O-7.2). The general practitioner may then practise in the region in compliance with the obligations set out in the notice.

Such a physician must obtain a new notice of compliance when he or she wishes to modify those obligations or wishes to start a primary care family medicine practice or move it to a different location.

Section 1

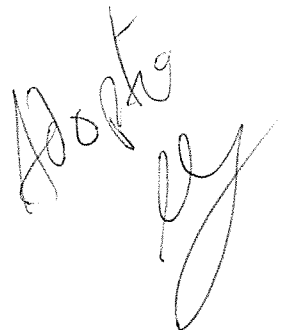

**AMENDMENT:**

Insert after proposed section 26.9:

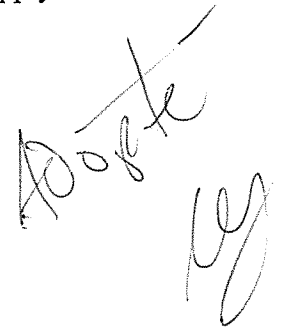

**“26.10.** Section 97 of the Act is amended by adding the following paragraphs:

“In addition, in exercising its responsibility to ensure the implementation and application of the part of the regional medical staffing plan relating to general practitioners, the regional department of general medicine must authorize every general practitioner who is subject to an agreement entered into under section 19 of the Health Insurance Act (chapter A-29) to practise their profession in the region. To that end, it issues each physician a notice of compliance with the regional medical staffing plan.

The notice of compliance is issued subject to the number of general practitioners authorized in the regional medical staffing plan and in keeping with the primary care family physician distribution plan established under the second paragraph of section 91.

For the purpose of meeting the needs identified in the regional medical staffing plan and the primary care family physician distribution plan, the regional department of general medicine may set out in the notice of compliance, in accordance with the directives sent to it by the Minister, obligations relating to medical practice territories and the proportion of a physician’s practice that must be carried on in the region or a territory of the region.

The Government may, by regulation, establish the terms that apply to applications for or the issue of notices of compliance.”

**“26.5.1.** The Act to modify the organization and governance of the health and social services network, in particular by abolishing the regional agencies (chapter O-7.2) is amended by inserting the following section after section 55:

**“55.1.** In addition to the requirements set out in sections 184 and 186 of the Act, the part of an organization plan developed under one of those sections must provide for the distribution of the number of general practitioners and, if applicable, medical specialists, for each of the facilities maintained by the institution or by group of facilities determined according to the territory specified by the Minister.

The Minister may also send directives to an institution concerning the preparation of its organization plan. The directives may prescribe, in particular, the terms governing the distribution of physicians among the facilities as well as the applicable terms for determining the number, which may vary according to whether they are general practitioners or medical specialists.

The Minister may, for the purposes of the primary care family physician distribution plan prepared under the second paragraph of section 91, modify a medical and dental staffing plan he or she authorized. The Minister may also, if he or she considers it warranted by exceptional circumstances, and on the conditions he or she sets, authorize an institution to depart from the latter plan.
