## **EXPLANATORY NOTES**

*This bill amends the Health Insurance Act to absolutely prohibit professionals who have withdrawn and health professionals who are subject to the application of an agreement from charging or receiving payment from an insured person for costs incurred for services. To that end, the bill repeals the provision allowing the Government to prescribe, by regulation, the cases and conditions in and on which payment is authorized.*

*Once the Act has come into force, health professionals who could bill services, supplies and accessory costs under an agreement will no longer be able to do so.*

## **LEGISLATION AMENDED BY THIS BILL:**

- Act to promote access to family medicine and specialized medicine services (chapter A-2.2);
- Health Insurance Act (chapter A-29).
