WRITTEN QUESTIONS

Questions already placed on the Order Paper
are published each Wednesday

- (194) Mr. Lisée (Rosemont) – **27 September 2016**
To the Minister for Rehabilitation, Youth Protection, Public Health and Healthy Living

On 16 September 2014, we questioned the Minister with regard to the Québec Ombudsman's report on the financial contribution towards the placement of minor children (published in 2013). We also asked her to provide the timeline for the implementation of all of its recommendations.

In reply to our questions on the progress of work, on 6 October 2014, the Minister recognized the inequities included in the current regulatory provisions relating to the financial contribution towards the place of minor children. She mentioned that she intended to review the Regulation respecting the application of the Act respecting health services and social services (chapter S-5, r.1) and establish a working group to prepare an action plan as a follow-up to the Ombudsman's report.

When we again questioned the Minister on the progress of this work, on 26 February 2015, the Minister informed us, on the following 2 April, that:

"[Translation] The implementation of the Ombudsman's recommendations may also require that amendments be made to statutes particularly to have access to the tax information of parents whose contribution is required. Since this is a statute that does not fall under the competence of the MSSS, it may be necessary to consult other departments.

The Ombudsman wishes to again be informed of the progress of work on 16 October 2015. Accordingly, the MSSS will ensure that an updated follow-up table is sent and that a new meeting is scheduled."

The Minister also indicated that:

"All of the work laying down guidelines as a follow up to the Ombudsman's recommendations will be completed during summer 2015. The Government will subsequently propose the necessary legislative and regulatory amendments."

On 20 October 2015, we again questioned the Minister on the adopted guidelines and proposed legislative and regulatory amendments. On the following 4 December, the Minister sent us an action plan presenting the progress of work. The deadline, for each of the measures included in this plan, was set for December 2015.

- Close to one year later, what is the status of work?
- Which legislative and regulatory amendments were adopted?
- What is the deadline for the publication of these amendments?
- When will the new modalities be applied?

(195) Mr. Khadir (Mercier) – **27 September 2016**

To the Minister of Transport, Sustainable Mobility and Transport Electrification

On the very day that Members were meeting in the Committee on Public Finance to find solutions regarding the tax havens phenomenon, Revenu Québec released the tax agreement concluded with Uber.

1. Does the Government intend to recover the income taxes and sales taxes that Uber owes for the period during which the business operated outside the legal framework?
2. What action has the Government of Québec taken to ensure that multinational Uber does not practice tax avoidance and have recourse to aggressive tax planning to reduce the income tax paid to Québec?
3. Can he provide the parliamentarians with the documents attesting to Uber's probity and allowing for the agreement with the Government of Québec?
4. Does the Government have proof provided by the Netherlands tax authorities suggesting that Uber pays income tax there for services provided by Uber in Québec? If this income tax is much lower than that which Uber would have had to pay if the business paid income tax here on its profits in Québec, how does the Government plan to correct the fiscal imbalance that puts us at a disadvantage and impoverishes our society?
