- (245) Mr. Picard (Chutes-de-la-Chaudière) – **29 May 2017**
To the Minister responsible for Labour

During the consideration of the estimates of expenditure carried out last 3 May in the Committee on Labour and the Economy – labour segment, I asked the Minister responsible for Labour a question about inmates receiving income replacement benefits from the Commission des normes, de l'équité, et de la sécurité du travail (hereinafter the CNESST). Unfortunately, the minister was unable to provide me with a complete and satisfactory answer.

When an employee receives income replacement benefits (hereinafter IRB) owing to an industrial accident, the employer may temporarily assign the employee to other duties, in accordance with section 170 of the *Act respecting industrial accidents and occupational diseases* (hereinafter the AIAOD). The question concerns the specific situation of a worker who is incarcerated while receiving income replacement benefits but whose employer has provided a temporary assignment.

Section 142 of the AIAOD provides that payment of an indemnity may be suspended if the worker, without reasonable grounds, neglects or refuses to perform the work temporarily assigned to him by his employer. According to the Commission des lésions professionnelles, incarceration cannot be considered valid grounds that the worker can invoke.

Furthermore, section 363 of the AIAOD states that where the Commission, following a decision under revision, or the Administrative Labour Tribunal cancels or reduces the amount of an income replacement indemnity, the sums already paid to a beneficiary are not recoverable unless they were obtained through bad faith, and this is the decision that was in fact handed down in a similar situation where the Commissioner underlined that no provision of the Act allows the CSST to suspend payment of income replacement indemnities retroactively to the date of the decision.

Lastly, section 326, paragraph 1, of the AIAOD provides that the Committee shall impute to the employer the cost of benefits payable by reason of an industrial accident suffered by a worker while in the employ of the employer.

1. For the past fifteen years and per year, how many persons per year received income replacement benefits while incarcerated?
2. For the past fifteen years and per year, how many of these incarcerated persons receiving income replacement benefits were offered a temporary work assignment under section 170 of the AIAOD?
3. For the past fifteen years and per year, what is the amount of the benefits that could not be recovered under section 363 of the AIAOD, broken down by grounds (cancellation or reduction of IRB)?
4. For the past fifteen years, how many employers have been held liable under section 326, paragraph 1, of the AIAOD, while they offered temporary work assignments and were able to offer work that their employees were reasonably fit to perform, but for which workers could not report to work owing to their incarceration?

(248) Mr. Gaudreault (Jonquière) – **13 June 2017**
To the Minister responsible for Labour

A citizen of Saguenay, Mr. Claude Truchon, has been making representations to the Commission des normes, de l'équité, de la santé et de la sécurité au travail, asking that it acknowledge the occupational origin of his disease as a result of exposure to asbestos when he carried out work at the Chicoutimi hospital. For several weeks now, the Minister's office has been aware of Mr. Truchon's situation. Mr. Truchon's story was even featured in a report on the program *Enquête* last March.

My question is as follows:

Does the Minister plan to act quickly so that Mr. Truchon may receive the CNESST's support, both financially and psychologically, as required by his personal circumstances?

(253) Mrs. Léger (Pointe-aux-Trembles) – **19 September 2017**
To the Chair of the Conseil du trésor

I would like full details concerning the use of the 2016-2017 contingency fund (for both the \$654,822,900 expenditure budget and the \$700,000,000 investment budget) as at 31 March 2017.

(254) Mr. Turcotte (Saint-Jean) – **19 September 2017**

To the Minister of Health and Social Services

- Why has the Minister still not authorized the construction of the new laboratories at Hôpital du Haut-Richelieu?
- What is the Minister's estimate of the financial losses due to his decision to postpone the construction of new laboratories at Hôpital du Haut-Richelieu?

(255) Mr. LeBel (Rimouski) – **27 September 2017**

To the Minister responsible for Seniors and Anti-Bullying

In 2030, in 13 years, one quarter of Quebecers will be 65 years old or older.

This reality has an impact on work, housing, municipalities and the health system.

The Government recently announced an online consultation to discuss its seniors' policy. Our petition on the Estates General generated high mobilization among the population. Over 15,000 citizens signed this petition so that Québec may prepare itself properly to address this challenge.

- Like former Minister Marguerite Blais, ten years ago, and given what is at stake for seniors and society in general, will the Minister limit herself to an online consultation or will she summon seniors and civil society to an Estates General or a similar public consultation to establish a true action plan to prepare Québec for its aging population and ensure dignified living conditions for seniors?

(256) Mr. Lemay (Masson) – **28 September 2017**

To the Minister of Sustainable Development, the Environment and the Fight Against Climate Change

Interest in carbon offset projects has grown in recent years in various areas of activity. In that respect, the management of Québec forests, from a sustainable development perspective, includes the reflection on the sustainable management of forest carbon.

The Ministère du Développement durable, de l'Environnement et de la Lutte contre les changements climatiques was to submit for public consultation, in 2015, an afforestation and reforestation protocol that would apply to Québec's private forest land. However, such a protocol falling within Québec's greenhouse gas cap-and-trade system has not since been published. In this regard, can the Minister fill us in on the progress of work on the afforestation and reforestation protocol? Can he provide us with a timeline as to when this protocol will be released?

(257) Mr. LeBel (Rimouski) – **28 September 2017**
To the Minister of Municipal Affairs and Land Occupancy

The Government established an interdepartmental committee, chaired by the Société d'habitation du Québec, to document the problems caused by dry rot fungus, a fungus whose spores are volatile and toxic to humans, often referred to as the cancer of buildings. Last 30 June, this committee submitted its recommendations to the Minister for his review.

My question is as follows:

- Considering the increase in the number of cases reported in several Québec regions, and the urgency to act, will the Minister release the committee's recommendations in a timely manner?

(258) Mr. LeBel (Rimouski) – 4 October 2017
To the Minister of Agriculture, Fisheries and Food

The Bas-Saint-Laurent farm producers were victims of a natural disaster brought on by last summer's severe drought. The extremely low rainfall caused substantial and exceptional financial losses for numerous producers in our region. Within this context, several businesses had to dig new wells and transport major quantities of water to supply their herds. Furthermore, cereal and forage crop yields are meager. An analysis of the total amount of losses for each of the businesses affected by this disaster has not been completed, but we already know that, at this time, several among them have already recorded losses of over \$30,000.

My question is as follows:

Does the Minister intend to take action to offer financial compensation to the Bas-Saint-Laurent farm producers and has he called upon the federal government to authorize the application of the AgriRecovery program?
