- Examination of the report from the Société de l'assurance automobile du Québec on automobile advertising guidelines.
- Examination of the 2013 evaluation report – Photo radar devices and red light camera systems.

Order in compliance with the Standing Orders

Surveillance of public bodies and accountability:

- Hearing the Société de l'assurance automobile du Québec on its administrative management, activities and policy directions.

Part 5

WRITTEN QUESTIONS

Questions already placed on the Order Paper
are published each Wednesday

(283) Mr. Turcotte (Saint-Jean) – **6 February 2018**
To the Minister responsible for Higher Education

Senior pharmacy technicians have a professional diploma and get additional institutional training to ensure that they acquire the necessary skills and experience to perform their tasks. Since 2010, several instruments of delegation have been entrusted to them. Each year, unions and hospital centres assure senior pharmacy technicians that college-level technical training is being prepared to further recognize their profession as well as their work. No information in this regard has been confirmed yet.

- Is college-level technical training still being envisaged? Is so, in how much time and where will it be provided?
- Why has your department still not felt the need to implement technical training?
- Is a "Passerelle" program being envisaged, as is already the case in Ontario?

(284) Mr. Turcotte (Saint-Jean) – **6 February 2018**

To the Minister of Health and Social Services

On 18 August 2015, construction on Hôpital du Haut-Richelieu's expansion project was halted via a letter issued by your department. At that time, we were informed that your department had considerably changed Hôpital du Haut-Richelieu's major expansion plans to exclude the construction of a real laboratory on the 3rd floor. When you visited Saint-Jean-sur-Richelieu to inaugurate Hôpital du Haut-Richelieu, you presented your Optilab project as being an "opportunity" for my constituents. Optilab is not only a loss of expertise for the Haut-Richelieu region, but it is mostly risks involved in transporting laboratory samples from Hôpital du Haut-Richelieu laboratories to Hôpital Charles-Lemoyne. You don't seem to have given any consideration to my proposal to divide the server laboratory into two centres, a proposal that makes sense since, on the one hand, the entities are located in the same administrative unit, namely the Centre intégré de santé et de services sociaux (CISSS) de la Montérégie-Centre, and, on the other hand, this would have resulted in savings since we would have made efficient use of the spaces that are already available by avoiding the construction of a new mega laboratory. My constituents are under the impression that you chose Charles-Lemoyne at the expense of the Haut-Richelieu region. We know that the Hôpital Charles-Lemoyne site is already used to full capacity.

- Can you still confirm that the construction of the Montérégie server laboratory will take place on the Hôpital Charles-Lemoyne site? If so, at what cost? If not, where will the Montérégie server laboratory be built? Will this laboratory be in your electoral division or in that of a Member belonging to the parliamentary group forming the Government?
