Section 11

AMENDMENT:

Insert after section 10:

11. The Code is amended by inserting the following sections after section 32:

“32.1. Every registration plate number must be made up of Latin alphabet capital letters, Arabic numerals or a combination of both. It must be compatible with the plate numbering system established by the Société and be easy to read.

A registration plate number must not cause confusion with another plate number and, in the case of a personalized number, must not include an expression or a message, including when read in reverse, that

(1) falsely suggests that the owner of the road vehicle is, or is related to, a public authority;

(2) conveys a careless attitude with respect to road safety;

(3) expresses an obscene or scandalous notion;

(4) promotes the commission of a criminal offence;

(5) the law reserves for another person or prohibits from being used;

or

(6) is not in conformity with the Charter of the French language (chapter C-11).

In the event of non-compliance with the conditions of this section, the Société may refuse to issue the plate or may invalidate it if the non-compliance is identified after the issuance of the plate.
A government regulation may prescribe rules for the creation of a plate number, in particular to allow the use of special characters; such rules may vary according to the classes of road vehicles.

“32.2. Every personalized registration plate must, prior to its utilization, be activated in order to be associated, in the Société’s register, with the vehicle on which it will be affixed. The time limit and other conditions of activation are prescribed by government regulation.

“32.3. The holder of a personalized registration plate is required to pay the management fee for the administration of the personalized registration plate system, at the intervals and during the periods prescribed by government regulation.

The management fee is payable even if the holder no longer intends to associate the plate with his vehicle, does not have the authorization to put the vehicle into operation or transfers it to a third person.

If the holder fails to pay the management fee, the Société may invalidate the registration plate.

“32.4. Where a personalized registration plate is invalidated, the road vehicle owner must apply to the Société for the replacement of the plate and pay the fees exigible prescribed by regulation.

Where the plate is invalidated under the third paragraph of section 32.1, the Société shall, when the plate is replaced, reimburse the fees paid in accordance with section 10.4.

“32.5. The conditions for the reuse of a personalized number by another person having a registration file or a licence file at the Société are prescribed by government regulation.”

(b) by striking out “If, on the due date, the licence holder has not made the required payments or notified the Société of his intention to pay by pre-authorized debit, he may not, as of the first day following the due date, and without further notice, drive any road vehicle.”;

(2) by replacing the second paragraph by the following paragraph:
