Part 5

WRITTEN QUESTIONS

Questions already placed on the Order Paper
are published each Wednesday

(81) Mrs. Ghazal (Mercier)– **18 September 2019**

To the Minister of Transport and Minister Responsible for the Estrie Region

Municipalité de Canton de Potton adopted by-law 2018-453, which allows all off-highway vehicles to travel on all 170 kilometres of its municipal roads year-round. By turning all the public roads into off-highway vehicle paths, the new by-law puts not only off-highway vehicle users in danger, but all users of Potton roads (be they residents or visitors). By endorsing this by-law that is the only one of its kind in Québec, we are contributing to setting a precedent transferable to the provincial level. Manufacturers of off-highway vehicles are themselves opposed to the use of their products on paved and unpaved public roads. The Specialty Vehicle Institute of America, the largest group of off-highway vehicle manufacturers, states that off-highway vehicles are designed and manufactured “for off-road use only”, and the US Consumer Product Safety Commission stated that all-terrain vehicles “can reach highway speeds, but with their low-pressure tires and high centre of gravity, they are more prone to tip over or go out of control”.

Beyond the semantic inconsistency in the by-law, the *Act respecting off-highway vehicles* is clear. The Act prohibits the operation of off-highway vehicles on public highways; aims to develop the safe use of off-highway vehicles on the trails designed for that purpose and only exceptionally allows municipalities to open segments of public highways for off-highway vehicle operation in order to secure the passage between off-highway vehicle trails, while protecting other road users through adequate signs and signals. Such a by-law goes against the principles of the *Act respecting off-highway vehicles* and risks to increase the number of accidents and deaths as studies have shown in jurisdictions that allow off-highway vehicle operation on public roads.

On behalf of Action Potton, a group of citizens from Canton de Potton, we ask the Minister of Transport and the Minister Responsible for the Estrie Region to please disallow by-law 2018-453.

(86) Mrs. Fournier (Marie-Victorin) – **25 September 2019**
To the Minister of Health and Social Services

I was contacted about a situation related to the direct allocation program (service employment paycheque) which, in my view, seems problematic as regards the legal liability of the actors concerned.

Indeed, the program has a major flaw: from a legal point of view, the service recipient—who should be recognized as a client—is in fact recognized as an employer in the eyes of the CNESST, as well as under the Act respecting labour standards.

This inadequate interpretation of the laws was also raised by the team of the La facture television show last 19 March. Given that the service recipients are predominantly individuals suffering from a loss of autonomy who should normally be receiving public services, it is not only illogical from a legal standpoint to qualify them as employers, but also immoral to impose such a burden on them.

In this context, my question is as follows :

- Will the Minister of Health promise to correct this error in the direct allocation program?

(87) Mrs. Fournier (Marie-Victorin) – **25 September 2019**

(88) Mrs. Montpetit (Maurice-Richard) – **3 October 2019**
To the Minister of Agriculture, Fisheries and Food

Within the framework of the order of initiative on pesticide use, several disturbing testimonials were given as to the potential impacts of pesticides on human health. In order to evaluate the impacts of pesticides on Quebecers' health, experts and researchers need access to pesticide use data to complete their studies.

Therefore, I am asking the Minister of Agriculture, Fisheries and Food to provide the following as soon as possible:

- 1- All the data relating to the use of pesticides.
- 2- The quantity of pesticides used per region.
- 3- The types of pesticides used per crop and per region, and the temporal data linked thereto.
- 4- The health risk indexes and environmental risk indexes for all pesticides used in Québec.
- 5- The level of progress of the revision table as regards the evolution of the risk indexes.
- 6- The data available to date on pesticide prescriptions for 2018 and 2019.

(89) Mrs. Montpetit (Maurice-Richard) – **3 October 2019**

To the Minister of the Environment and the Fight Against Climate Change

(90) Mrs. Lessard-Therrien (Rouyn-Noranda–Témiscamingue) – **24 October 2019**

To the Minister of Transport

Route 117, which links Montréal to Rouyn-Noranda, is one of the deadliest highways in Québec. According to public data, at least 8 people lost their lives in fatal collisions in 2018, and 7 of the deaths were due to accidents in the Abitibi-Témiscamingue area alone. It was Route 117's heaviest toll since 2012. During the last election campaign, the CAQ assured us that improving the safety of the section of the 117 connecting Val-d'Or and Rouyn-Noranda would be one of its Government's priorities. Over a year has gone by since the election, but there has still been no plan or measure announced by the Québec government to make good on that promise.

More recently, the Minister Responsible for the Abitibi-Témiscamingue Region and the Nord-du-Québec Region even suggested that it was in fact the federal government's responsibility to finance future safety work on Route 117, since it is part of the Trans-Canada Highway network. The Government is perfectly aware that the federal level will not intervene in the Québec highway network unless the provincial authorities expressly request it to do so and that such a request would have to take the form of applying for funding from Infrastructure Canada. Until the Government of Québec submits an application, no funding from the Canadian government will miraculously fall into the coffers of the Québec State.

My questions to the Minister of Transport are the following:

- What is the Government's plan to improve safety on the section of Route 117 between Val-d'Or and Rouyn-Noranda?
- Since the Government now seems to claim that it is the federal level's responsibility to finance work on Route 117, has the Minister of Transport submitted official funding applications to the federal government, for example, through Infrastructure Canada, to obtain the funds necessary to make that section safe?
- If so, on what date did the Minister submit that application and to which federal body was it submitted?
