WRITTEN QUESTIONS

Questions already placed on the Order Paper are published each Wednesday

(144) Ms. Perry Mélançon (Gaspé) – 26 May 2020
To the Minister of Forests, Wildlife and Parks

Since February 2018, the municipality of Grande-Vallée has been concerned about the future of the wildlife protection office located in its territory. It has repeatedly asked the Government about this issue, but received no response.

Let us recall that this concern stems from the retirement of a first wildlife protection agent, who has never been replaced. Since then, a second agent also retired. Consequently, the Grande-Vallée wildlife protection office is now staffed only by agents who come from the Gaspé and Sainte-Anne-des-Monts offices, located some 95 and 122 kilometres from the municipality, respectively.

In response to the concerns of regional elected officials, who are calling for the return of a wildlife protection service worthy of the name to Grande-Vallée, the department evoked a staff shortage affecting all Québec regions, and assures that Grande-Vallée office services will not be adversely affected.

However, we know that despite all the efforts and reminders made, the department has not yet renewed the office lease. Further, no new agents have been hired for this area, which is highly frequented by hunters and fishers. All this, you will agree, raises serious doubt as to the department’s actual commitment to keeping this office open.

My question is as follows:

• Will the Minister of Forests, Wildlife and Parks agree to sign, as soon as possible, a lease for the Grande-Vallée wildlife protection office, and to put in place the resources necessary for the deployment of adequate services in the territory?
The coronavirus pandemic, putting Québec “on pause” as well as the many resulting health and prevention measures represent a highly unusual situation for all Quebeckers. And this situation is having an impact on young people and all youth-related issues.

According to a Québec population health survey published by the Institut de la statistique du Québec, young people represent a vulnerable group from a mental health standpoint since the transition to adulthood is rarely a stress-free experience. In 2014–2015, 36% of young people aged 15 to 24 demonstrated high levels of psychological distress. Today, in the midst of a global health pandemic, the percentage of young people in distress could be even higher.

On 24 April, the Québec Government created a temporary component in the Mille et Un Fund for Young People in order to help organizations affected by the COVID-19 crisis. That financial assistance, to which one million dollars is being added, will be available to assist organizations facing financial difficulties.

Considering that the 2016–2021 Québec Youth Action Strategy includes five main axes, including a significant health component, what assistance specifically targeted at youth has the Québec Government offered to mental health services organizations?

What is the Government's new vision and strategy to provide them with assistance?

Can the Premier commit to injecting more money into the health component of the Québec action strategy for youth?
(146) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

The La Presse newspaper is asking for help from the Québec Government to stabilize its cash flow, finance employee salaries and support other current business expenses.

Is the Minister comfortable with this request?
Will the Government agree to help the NPO La Presse?

(147) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

Radio-Canada informed us on May 5 that Quebecor is in the process of buying the Capitole de Québec. As it is classified as a heritage building, the Minister must approve this transaction.

Will the Minister consent to this transaction?

(148) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

The Government has signed an agreement worth more than US$10 million with an American production company. When filming resumes, we know there will be a high demand for film sets, equipment and tradespeople.

Given that resources will be limited and that the Government now has a financial stake in U.S. productions, when the recovery comes, which productions will the Québec Government prioritize when it comes to Québec and U.S. productions?
(149) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

In the circus sector, many companies made 90% of their own-source income through international tours.

Does the Minister first have a plan to support the business model during the COVID-19 crisis and second, a plan to revive the circus sector once the crisis is over?

(150) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

During the summer season, festivals are an economic engine for several regions. Given that the Government has announced the cancellation of festivals up to 31 August 2020, when will a plan be announced to help them ensure their sustainability?

(151) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

The movie theatre industry wants to reopen in mid-June. Will it be able to count on the Government’s help to apply the rules that will be prescribed by public health and offer help if its business model is affected, in particular by physical distancing?

(152) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

Recently, the Association des professionnels de l’industrie de l’humour pressed the Government to make known its intentions with regard to deconfinement for the performing arts and reflections on the resumption of activities.

Is the Minister working on a re-opening plan and does she intend to make known the policy directions that broadcasters will be required to follow in the coming months?
(153) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

On 10 May 2020, the charity event “Une chance qu’on s’a” was broadcast on TVA and Télé-Québec. We have learned that this event was held in partnership with the Government of Québec.

Can the Minister give us the details about this partnership?

(154) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

On 28 April 2020, the Olivierie bookstore announced that it was closing for good after 35 years of existence.

Has the Minister worked on a plan or offered help to save this long-standing institution?

(155) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

The City of Québec will be setting up free drive-in movie theatres for its citizens this summer.

Does the Minister intend to support this initiative and to promote the deployment of free drive-ins in other cities and municipalities in Québec?

(156) Ms. Melançon (Verdun) – 26 May 2020
To the Minister of Culture and Communications

When we re-open, the cultural sector will need health protocols to ensure everyone’s safety.

Has the Government been in touch with the various cultural associations in order to set up protocols for each of them?
This spring, the Minister proceeded to pay out investments ahead of time, notably through the SOCED and CALQ.

Which fiscal year do the amounts committed belong to and what proportion of investments are attributed to the 2019–2020 and 2020–2021 fiscal years, respectively?

On 14 May 2020, the Minister Responsible for Government Administration and Chair of the Conseil du trésor and the Minister of Finance announced that $2.9 billion in investments provided for in the 2020–2030 Québec Infrastructure Plan would be paid out ahead of time for the fiscal year 2020–2021.

In relation to that announcement, can the Minister indicate the proportion of the investments that will be dedicated to culture and provide a list of the projects that will be moved forward?
