FIRST SESSION

FORTY-SECOND LEGISLATURE

Bill 69

**An Act to amend the Cultural Heritage
Act and other legislative provisions**

Introduction

**Introduced by
Madam Nathalie Roy
Minister of Culture and Communications**

**Québec Official Publisher
2020**

EXPLANATORY NOTES

This bill amends mainly the Cultural Heritage Act.

The bill provides that, among other things, the Minister of Culture and Communications is required to draw up a consultation policy to foster the participation of persons or bodies concerned by the guidelines to be followed regarding knowledge, protection, enhancement and transmission of cultural heritage, a method for assessing the heritage interest of immovables and sites, and a grid for categorizing classified heritage immovables and sites. Those documents, as well as the list of elements of cultural heritage under consideration for protection by the Minister or the Government, are to be made public. The bill confirms the possibility for any interested person to propose that heritage property be protected under that Act. Furthermore, it creates a working panel called the “Table de concertation en matière de patrimoine immobilier gouvernemental” in order to develop government coherence and promote State exemplarity regarding government immovable cultural heritage.

The bill makes adjustments to the ministerial authorization scheme applicable to acts carried out in the protection area of a classified heritage immovable or with respect to a declared or classified heritage property or site. It provides, among other things, that an application for authorization must include the information and documents determined by regulation of the Minister and gives the Minister 90 days to render a decision, subject to exceptions. The Minister must request the opinion of the Conseil du patrimoine culturel du Québec concerning determined acts, including the total demolition of a main building and the construction of a new main building on a declared or classified heritage site. The bill also gives the Minister the possibility, in certain special cases and on certain conditions, to authorize an act after it has begun or been completed, including an act that should have been authorized under the former Cultural Property Act.

Under the bill, the Minister will no longer be required to establish conservation plans for classified heritage immovables and sites and for declared heritage sites. However, the bill specifies elements the Minister may consider in analyzing an application for authorization concerning classified heritage property, protection areas and declared or classified heritage sites, and creates the obligation to categorize

classified heritage immovables and sites. Furthermore, the Government is empowered to make, for any declared heritage site, a regulation prescribing conditions for the carrying out of an act that must be the subject of an authorization, or designating acts for which obtaining an authorization is not required. The bill also creates a mechanism for reviewing certain decisions by the Minister, as well as the possibility of contesting a review decision before the Administrative Tribunal of Québec.

The bill increases municipal heritage protection powers. Regional county municipalities are granted the power, like local municipalities, to recognize heritage property, including sites, by by-law and to establish a local heritage council to advise the regional county municipality on that matter. Regional county municipalities are also granted the power to authorize the carrying out of certain acts with respect to heritage property and to issue orders to ensure the protection of property that could have heritage value. Regional county municipalities are required to adopt and update an inventory of immovables that have heritage value, which is to be made, consigned and disseminated in the manner prescribed by a regulation of the Minister. The Act respecting land use planning and development is also amended to modernize the regulatory powers of local municipalities with regard to demolition and to broaden such powers, mainly for immovable heritage protection purposes. In that respect, it is provided that a local municipality is required to maintain in force a by-law relating to the demolition of immovables, which must cover at least the immovables entered in the regional county municipality's inventory and the immovables that are recognized, or are situated on a recognized heritage site. Consequently, the authorizations given in accordance with such a by-law will be the only ones necessary to demolish recognized immovables or immovables situated on a recognized heritage site. Special rules are also introduced in the Act respecting land use planning and development for the demolition of heritage immovables, such as the possibility for a regional county municipality to disallow a demolition authorization granted with respect to such an immovable.

The bill specifies that an authorization is not required for the division, subdivision or parcelling out of an immovable on the vertical cadastral plan. Under the bill, such cadastral operations performed without authorization before it was assented to in the protection area of a classified heritage immovable or on a declared or classified heritage site are deemed authorized. The bill also remedies any failure to obtain, before it was assented to, certain authorizations previously required under the former Cultural Property Act or the Cultural Heritage Act.

The bill contains provisions to enhance information sharing between the Minister and the municipalities regarding the protection of heritage property.

Lastly, it amends certain Acts for concordance purposes or to take into account the particular characteristics of certain municipalities and contains transitional provisions.

20. The Act is amended by inserting the following sections after section 53:

“53.1. For any application for the issue of an authorization under this subdivision, the information and documents determined by regulation of the Minister, if applicable, must be attached to the form provided for in section 11.

Applications that do not include the information and documents determined by regulation are not admissible.

“53.2. The Minister has 90 days after an admissible application is received to render a decision concerning that application. However, the time limit is 120 days if the application is submitted to the council in accordance with section 83.1.

If compliance with the time limit prescribed in the first paragraph does not appear possible to the Minister, the Minister must, before the expiry of that time limit, give notice of it to the applicant, stating the additional time required and the reasons for it.

“53.3. The Minister may require the applicant to provide, within the time and in the manner the Minister determines, any additional information or documents the Minister considers necessary for analyzing an application for the issue of an authorization under this subdivision. Such an application or a prior notice sent under section 5 of the Act respecting administrative justice (chapter J-3) interrupts the time limits provided for in section 53.2 for the duration of the period granted to produce information or documents, or to submit observations, as applicable.

The Minister may refuse to issue the authorization if the applicant has not, within the time prescribed, provided the information or documents required under the first paragraph.

“53.4. For the purpose of analyzing an application for the issue of an authorization under section 48, the Minister may consider the following elements, among others:

- (1) the category of the classified heritage immovable;
- (2) the effect of the act on the heritage value of, and elements that characterize, the classified property;
- (3) the effect of the act on the enhancement of the classified property;
- (4) the effect of the act on the classified property’s integrity and authenticity;
- (5) the effect of the act on a potential or confirmed archeological property or site associated with the classified heritage immovable;
- (6) the effect of the act on the landscaping of the classified heritage immovable;
- (7) the compatibility of the materials with the classified property;
- (8) the architectural consistency of the act with the classified heritage immovable;
- (9) respect for traditional know-how in the methods used to carry out the act; and
- (10) the effects of the act on maintaining the constructive systems of the classified heritage immovable and their components.

“53.5. For the purpose of analyzing an application for the issue of an authorization under section 49, the Minister may consider the following elements, among others:

- (1) the effect of the act on the enhancement and protection of the classified heritage immovable for which a protection area has been established;
- (2) the effect of the act on the context surrounding the classified heritage immovable;
- (3) the effect of the act on an element from the same ensemble, period or development logic as the classified heritage immovable associated with the protection area, such as a building, an architectural feature or a landscaping feature;

(4) the effect of the act on a potential or confirmed archaeological property or site associated with the classified heritage immovable; and

(5) the effect of the act on the landscaping of the classified heritage immovable.

“53.6. If an authorization under section 49 was not obtained prior to the division, subdivision or parcelling out of an immovable situated in a protection area, the Minister may issue the authorization after the act has been completed if the repercussions of the act on the heritage value of the classified heritage immovable are, in the Minister’s opinion, acceptable.

In the authorization, the Minister may require the carrying out of any corrective measure, including work and works, on the conditions set by the Minister.

The authorization may not be issued if the Minister previously refused to authorize the act concerned or if the conditions of an authorization issued for the act were not complied with.

Despite section 196, the act authorized in accordance with the first paragraph may no longer be annulled because of a failure to obtain the Minister’s authorization prior to the performance of the act, and the related registration in the land register may no longer be cancelled for that reason.

Section 53.2 does not apply to an application made under this section.”

21. Section 54 of the Act is amended by replacing “or object” in subparagraph 1 of the first paragraph by “, object or ensemble”.

22. Section 55 of the Act is amended by replacing “of an object, document or” by “of a document, object, ensemble or”.

23. Subdivision 2 of Division V of Chapter III of the Act, comprising sections 61 to 63, is repealed.

24. Section 64 of the Act is amended

(1) in the first paragraph,

(a) by striking out “, redivide”;

(b) by replacing “a lot” by “an immovable”;

(2) by adding the following paragraph at the end:

“This section does not apply to the division, subdivision or parcelling out of an immovable on the vertical cadastral plan.”

25. Section 66 of the Act is amended by replacing the second paragraph by the following paragraph:

“A person who performs an act referred to in section 64 or 65 on a classified heritage site must comply with the conditions the Minister may set in the authorization. On a declared heritage site, the person must comply with the conditions determined by a regulation made by the Government under subparagraph 1 of the first paragraph of section 80.1, if applicable, and with the conditions the Minister may set in the authorization in relation to any act that is not referred to in a regulation or for which no regulation determines all the conditions for carrying out the act.”

26. The Act is amended by inserting the following after section 67:

“67.1. Sections 53.1 to 53.3 apply to an authorization referred to in this subdivision, with the necessary modifications, subject to the fifth paragraph of section 67.3.

“67.2. For the purpose of analyzing an application for the issue of an authorization under section 64 or 65, the Minister may consider the following elements, among others:

- (1) in the case of a classified heritage site, its category;
- (2) the effect of the act on the heritage value of the site;
- (3) the effect of the act on the elements that characterize the site, including the natural setting, road network, land division system, built environment, landscape units and visual qualities;
- (4) the effect of the act on any potential or confirmed archaeological property or site; and
- (5) the effect of the act on the conservation and enhancement of the buildings that contribute to the heritage value of the site.

“67.3. If an authorization referred to in section 64 or 65 was not obtained prior to the division, subdivision or parcelling out of an immovable situated on a declared or classified heritage site, or prior to the performance, on a declared heritage site, of an act for which conditions have been determined by a regulation made by the Government under subparagraph 1 of the first paragraph of section 80.1, the Minister may issue the authorization after the act has begun or been completed if the repercussions of the act on the heritage value of the declared or classified heritage site are, in the Minister’s opinion, acceptable.

In the authorization, the Minister may require the carrying out of any corrective measure, including work and works, on the conditions set by the Minister.

The authorization may not be issued if the Minister previously refused to authorize the act concerned or if the conditions of an authorization issued for the act were not complied with.

Despite any provision to the contrary, an act authorized in accordance with the first paragraph may no longer be annulled because of a failure to obtain the Minister's authorization prior to the performance of the act and, where the authorization is for the division, subdivision or parcelling out of an immovable, the related registration in the land register may no longer be cancelled for that reason.

Section 53.2 does not apply to an application made under this section.

“DIVISION V.1

“AUTHORIZATION CONCERNING CERTAIN ACTS WITH RESPECT TO PROTECTION AREAS AND DECLARED OR CLASSIFIED HERITAGE SITES

“67.4. The Minister may issue an authorization for the division, subdivision or parcelling out of an immovable situated in a protection area or on a declared or classified heritage site or for the performance, on a declared heritage site, of an act for which conditions have been determined by a regulation made by the Government under subparagraph 1 of the first paragraph of section 80.1 where the act should have been the subject of an authorization under a provision of the Cultural Property Act (chapter B-4) and such an authorization was not obtained. The authorization may be issued only if the repercussions of the act on the heritage value of the classified heritage immovable for which a protection area has been established or on the heritage value of a declared or classified heritage site are, in the Minister's opinion, acceptable.

In analyzing an application, the Minister may consider, among other things, the elements set out in section 53.5 or 67.2, depending on whether the act concerned was performed in a protection area or on a declared or classified heritage site.

The authorization may not be issued if the Minister previously refused to authorize the act concerned or if the conditions of an authorization issued for the act were not complied with.

In the authorization, the Minister may require the carrying out of any corrective measure, including work and works, on the conditions set by the Minister. Any person who carries out corrective measures in a protection area or on a classified heritage site must comply with the conditions the Minister may set. On a declared heritage site, the person must comply with the conditions determined by a regulation made by the Government under subparagraph 1 of the first paragraph of section 80.1, if applicable, and with the conditions that

the Minister may set in the authorization in relation to the division, subdivision or parcelling out of an immovable, or in relation to any act for which no regulation determines all the conditions for carrying out the act.

“67.5. If the Minister issues an authorization under section 67.4, the authorization is effective on being issued.

Despite any contrary provision, the act concerned may no longer be annulled because of a failure to obtain the Minister’s authorization prior to the performance of the act and, where the authorization concerns the division, subdivision or parcelling out of an immovable, the related registration in the land register may no longer be cancelled for that reason.

“67.6. A person who applies for the Minister’s authorization under section 67.4 must pay the fees determined by government regulation for the examination of the application.

The Minister may require the applicant to provide, within the time and in the manner the Minister determines, any information or documents the Minister considers necessary for analyzing such an application.

The Minister may refuse to issue the authorization if the applicant has not, within the time prescribed, provided the information or documents required under the second paragraph.

“67.7. The Minister’s authorization is withdrawn if the carrying out of the corrective measures, if applicable, is not begun within one year after the authorization is issued or if it is interrupted for more than one year.

In the case of an interruption, the withdrawal of the authorization does not prevent the Minister from obtaining an order under section 195.”

27. The Act is amended by inserting the following division after section 75:

“DIVISION VI.1

“REMEDIES

“75.1. A person to whom a decision rendered by the Minister under any of sections 47 to 49, 52 and 53, the second paragraph of section 53.3, any of sections 53.6, 64, 65, 67.3 and 67.4, or the third paragraph of section 67.6 applies may apply in writing for a review of the decision within 30 days after the date on which the decision was notified to the person.

The review is conducted by a person designated by the Minister within the Ministère de la Culture et des Communications.

“75.2. An application for review may not be refused on the ground that it was received after the deadline if the applicant establishes that it was impossible to act sooner.

If the application is refused on that ground, the decision may be contested before the Administrative Tribunal of Québec within 15 days after the date on which the decision is notified to the applicant. If the Tribunal quashes the decision, the record is returned to the designated person who rendered the decision.

“75.3. A person who has applied for the review of a decision must be given the opportunity to submit observations and, if need be, to produce documents to complete the person’s record.

“75.4. An application for review must be processed promptly and the review decision must be rendered within 30 days after receipt of the application or, in the case described in the second paragraph of section 75.2, within 30 days after the decision of the Administrative Tribunal of Québec returning the record for review.

If a person has asked for time to submit observations or to produce documents, the review decision must be rendered within 30 days after observations are submitted or documents are produced.

“75.5. The review decision must be in writing and drafted in clear and concise terms, contain reasons and be notified to the applicant. It must state that the decision may be contested before the Administrative Tribunal of Québec.

“75.6. A person who feels wronged by the review decision may contest it before the Administrative Tribunal of Québec within 30 days after notification of the decision.

Moreover, a person may contest before the Tribunal the decision whose review the person applied for if the person designated to conduct the review does not dispose of the application within 30 days following its receipt or following the decision of the Tribunal returning the record for review in accordance with the second paragraph of section 75.2. However, the time limit runs from the time observations are presented or documents are produced if a person requested more time for that purpose.”

28. Section 78 of the Act is amended by replacing “48 to 50, 64 to 66” in paragraph 8 by “47 to 50, 53.3, 53.6, 64 to 66, 67.3, 67.4, 67.6”.

(2) to designate, from among the acts referred to in those sections, an act for which it is not necessary to obtain the Minister’s authorization.

The provisions of a regulation made under the first paragraph may vary according to the immovables or the parts of territories to which they apply.

Before the regulation is made, it must be submitted for consultation to the council and to the local municipality and the regional county municipality in whose territory the site is situated.”

32. Section 81 of the Act is amended by adding the following paragraph at the end:

“(4) to determine the information and documents which must be provided in support of an application for authorization made under a provision of subdivision 4 of Division IV or subdivision 3 of Division V.”

The Minister may, by regulation, prescribe the manner in which inventories are made, consigned and disseminated.

A local municipality may contribute to the knowledge of cultural heritage by making inventories of the cultural heritage situated in its territory or connected to its territory. If applicable, the local municipality must inform the regional county municipality of the immovables it has inventoried.

For the purposes of this section, a local municipality whose territory is not included in that of a regional county municipality, excluding a Native community referred to in the second paragraph of section 118 or a Northern, Cree or Naskapi village, is considered to be a regional county municipality.”

Despite any contrary provision, a parcelling out referred to in the first paragraph may no longer be annulled because of a failure to obtain the Minister's authorization prior to the parcelling out, and the registration in the land register of a document evidencing the acquisition from which it results may no longer be cancelled for that reason. In addition, despite any contrary provision, the rights of action to have the absolute nullity of an alienation referred to under the first paragraph recognized are prescribed.

101. Not later than (*insert the date that is six months after the date of assent to this Act*), the Minister must draw up and make public the consultation policy provided for in paragraph 1 of section 11.1 of the Cultural Heritage Act, enacted by section 5.

Before determining the category of the immovable or site, the Minister must send a notice of categorization to the person registered as the owner in the land register and to the clerk or the secretary-treasurer of the local municipality and to the secretary-treasurer of the regional county municipality in whose territories the immovable or site is situated.

The notice of categorization must contain the description of the property concerned and the proposed category, state the reasons supporting the choice of that category and include a note that the owner may, within 30 days after the notice is sent, submit observations and, if applicable, produce documents.

On the expiry of 60 days after the date the notice required under the second paragraph is sent, the Minister must inform the owner of the category assigned to the immovable or site.

The notice of categorization must contain the information prescribed in the third paragraph of section 102.

The periods provided for in the third paragraph of section 32 of the Cultural Heritage Act are then extended by six months.

104. The conservation plans established by the Minister under sections 37 and 61 of the Cultural Heritage Act in force on (*insert the date preceding the date of assent to this Act*) continue to apply

(1) in the case of a classified heritage immovable or site, until the Minister has determined the category of the immovable or site in accordance with section 102; and

(2) in the case of a declared heritage site, until a regulation has been made by the Government under subparagraph 1 of the first paragraph of section 80.1 of the Cultural Heritage Act, enacted by section 31.

During that period, the Minister must use those conservation plans when analyzing an application for the issue of an authorization under section 67.4 of the Cultural Heritage Act.

During the same period, Ville de Québec and Ville de Montréal, in exercising their powers under Chapter VI.1 of the Cultural Heritage Act, remain bound by those conservation plans.

105. Sections 53.1 to 53.3 of the Cultural Heritage Act, enacted by section 20, apply to any application for the issue of an authorization referred to in subdivision 4 of Division IV or subdivision 3 of Division V of Chapter III of the Cultural Heritage Act that is pending on the date of coming into force of the first regulation made by the Minister under paragraph 4 of section 81 of that Act, enacted by section 32, and the period provided for in the first paragraph of section 53.2 of the Cultural Heritage Act begins to run on that date.

Failure to send the information or document within the time prescribed renders the application inadmissible.

106. The right to apply for a review of the Minister's decision, provided for in section 75.1 of the Cultural Heritage Act, enacted by section 27, applies to every decision referred to in section 75.1 of the Cultural Heritage Act and rendered within 30 days before (*insert the date of assent to this Act*).

In such a case, the period for applying for a review expires on (*insert the date that is 30 days after the date of assent to this Act*).

Every regional county municipality acting as a local municipality in respect of an unorganized territory must also, before that date, adopt for that territory a by-law in conformity with those provisions, with the necessary modifications.

109. Every municipality referred to in section 108 must, at least 90 days before the issue of a permit or an authorization certificate relating to the demolition of an immovable constructed before 1940, notify to the Minister of Culture and Communications a notice of intent, accompanied by any information or document required by the Minister, as long as the following conditions have not all been met:

(2) the inventory provided for in the first paragraph of section 120 of the Cultural Heritage Act, replaced by section 38, has been adopted with regard to its territory.

110. As long as a by-law in conformity with the provisions of Chapter V.0.1 of the Act respecting land use planning and development is not in force in the territory of the municipality referred to in section 108 of this Act, section 141 of the Cultural Heritage Act applies in the territory of that municipality without taking into account the amendments made by paragraphs 2 and 3 of section 48 of this Act.

111. When the jurisdiction to adopt a by-law provided for in section 148.0.2 of the Act respecting land use planning and development, replaced by section 78, is under the authority of a borough council, each borough is subject to sections 108 to 110 of this Act, with the necessary modifications, as if it were a municipality.

In addition, in the case of Ville de Québec, those provisions must be read taking into account the third paragraph of section 96 of Schedule C to the Charter of Ville de Québec, national capital of Québec (chapter C-11.5), replaced by section 93.

112. A by-law adopted under the provisions of Chapter V.0.1 of the Act respecting land use planning and development, replaced by section 78, or section 96 of Schedule C to the Charter of Ville de Québec, national capital of Québec before the coming into force of this Act remains in force until it is replaced or repealed.
