Part 5

WRITTEN QUESTIONS

Questions already placed on the Order Paper
are published each Wednesday

- (1) M. Picard (Chutes-de-la-Chaudière) – **20 November 2012**
To the Minister of Health and Social Services:

Considering that the emergency department of the Centre Paul-Gilbert represents a front-line health care service for the population of Chutes-de-la-Chaudière, Lotbinière, Bellechasse and part of the Beauce region.

Considering the cursory manner in which the announcement of the closing scheduled for next 10 December was made, with no referendum held and no public notice published to inform the population of these regions.

Considering that the elected officials representing the electoral divisions concerned by this closing were not informed prior, and officially, of the intentions of the CSSS Alphonse-Desjardins.

Considering that, for several users, the emergency department services of the Centre Paul-Gilbert represent an alternative solution to the problem of access to a family physician.

Considering that the distance that must be covered to go to the Hôtel-Dieu de Lévis will encourage citizens to naturally go to the CHUL's emergency department, which, for its part, is already experiencing overcrowding problems.

Considering that the population concerned by the closing of the nighttime emergency department is at the mercy of administrative measures.

Advisedly, can the Minister of Health and Social Services accept the closing of the nighttime emergency department at the Centre Paul-Gilbert, thus depriving more than 100,000 inhabitants of Chaudière-Appalaches of the proximity of strategically located health services?

Can the Minister of Health and Social Services envisage solving the problem of access to medical clinics before considering the closing of nighttime emergency services?

And if the decision of the CSSS Alphonse-Desjardins is upheld, can the Minister of Health guarantee that the transfer of personnel to daytime emergency services will be permanent to optimize performance and quality of care?

(2) **Mr. Le Bouyonnec (La Prairie) – 22 November 2012**

To the Minister of International Relations, La Francophonie and External Trade:

Next 22 November, an important preparatory meeting will be held with the trade commissioners of the European Union and Canada aiming to smooth out any final problems regarding negotiations for the signing of a Comprehensive and Economic Trade Agreement (CETA). This meeting of technocrats will be held one week before the European ministers' meeting, whose purpose is to politically endorse agreements negotiated behind closed doors.

The signing of the treaty being continuously postponed, it seems that the upcoming negotiations between the European Union and the United States on an equivalent treaty and scheduled for the beginning of 2013 underscores the need to hastily reach a conclusion.

The Government, during the 2013-2014 budget speech, indicated its full support to a free trade agreement with the European Union. The Coalition Avenir Québec is also in favour of ratifying a CETA; however, we are aware that this entails a negotiation process and that the best interests of Québec must strongly be defended therein.

According to our information, the Member States of the European Union reportedly have recently defined clear requirements (red lines) regarding several specific issues that could affect Quebecers.

1. In the light of the developments in the negotiations, can the Minister explain what measures he intends to take to maintain the protection conferred by supply management to our farmers?
 - Can the Minister guarantee to Québec's dairy farmers that he will take every means at his disposal so that they will not be subject to a Zero Tariff Quota, such as would be imposed by the European negotiators with their *Tariff Rate Quota (TRQ)*?
2. Does the Minister agree with the European Union's request for complete access, such as is the case within its borders, of European companies to our municipal, hospital, school and public agency procurement markets, commonly referred to by negotiators as MASH?
 - Does the Minister intend to take measures to guarantee that Québec's local production requirements (*Local Production Requirements*), particularly in the public transport sector, will be maintained?
3. Considering that the Member States of the European Union themselves have liberalized several sectors of their economy, notably energy and transport, what measures does the Minister intend to take to prevent changes in the business model that could be imposed to corporations such as Hydro-Québec following the signing of the treaty?
4. Since the original rule desired by the Europeans is considered to be a type of protectionist measure, what means does the Minister intend to use so that the sectors of our economy, such as the textile industry, are not restricted by an exceedingly small number of derogations?
 - Is the Minister aware that the adoption of a Supplementary Protection Certificate (*Patent Term Restoration*), such as desired by the European negotiators, could seriously affect the balance of public expenditure?

(3) Mr. Moreau (Châteauguay) – **27 November 2012**
 To the Minister responsible for Canadian Intergovernmental Affairs and Sovereignist Governance:

Within the framework of the Council of the Federation that was held in Halifax on 22 and 23 November 2012:

1. Could you provide the list of persons who accompanied the Premier and the Minister responsible for Sovereignist Governance?
2. What are the detailed travel expenses of the Premier, the Minister responsible for Sovereignist Governance and the persons accompanying them?
3. In addition to the meeting of the Council of the Federation, did the Premier, the Minister responsible for Sovereignist Governance or the persons accompanying them take part in any meetings with ministers or public servants of the other Canadian provinces?

If so, please provide the following details for each meeting:

- a. The list of persons in attendance;
 - b. The purpose of the meeting;
 - c. The objectives of the meeting;
 - d. The results achieved;
 - e. A report of the proceedings;
 - f. The issues that were identified as a priority by the Québec delegation, as well as by the delegations of the other Canadian provinces;
 - g. A copy of the documents tabled by the Québec delegation, as well as by the delegations of the other Canadian provinces;
 - h. The follow-ups to be done following the meeting as well as the deadlines set.
4. In addition to the meeting of the Council of the Federation, did the Premier, the Minister responsible for Sovereignist Governance or the persons accompanying them take part in any meetings to discuss the Québec sovereignty project?

If so, please provide the following details for each meeting:

- a. The list of persons in attendance;
- b. The objectives of the meeting;
- c. The results achieved;
- d. A report of the proceedings;
- e. The issues that were identified as a priority by the Québec delegation, as well as by the delegations of the other Canadian provinces;
- f. A copy of the documents tabled by the Québec delegation, as well as by the delegations of the other Canadian provinces;
- g. The follow-ups to be done following the meeting as well as the deadlines set.

5. In addition to the meeting of the Council of the Federation, did the Premier or the persons accompanying her, as Minister responsible for Youth Issues, take part in any meetings with ministers or public servants of the other Canadian provinces?

If so, please provide the following details for each meeting:

- a. The list of persons in attendance;
- b. The purpose of the meeting;
- c. The objectives of the meeting;
- d. The results achieved;
- e. A report of the proceedings;
- f. The issues that were identified as a priority by the Québec delegation, as well as by the delegations of the other Canadian provinces;
- g. A copy of the documents tabled by the Québec delegation, as well as by the delegations of the other Canadian provinces;
- h. The follow-ups to be done following the meeting as well as the deadlines set.

(4) **Mr. Picard (Chutes-de-la-Chaudière) – 5 December 2012**

To the Minister of Health and Social Services:

Résidence Saint-Étienne, located in Saint-Étienne-de-Lauzon in the riding of Chutes-de-la-Chaudière, is a non-profit organization providing 38 housing units, without personal assistance services, for independent seniors, therefore considered as able to take care of themselves and not requiring increased surveillance services. This private residence, like so many others in Québec, will be affected by the entry into force of certain provisions of Bill 16.

The application of this bill will be disadvantageous for several private seniors' residences of less than 40 units, such as Résidence Saint-Étienne, by obliging round-the-clock surveillance, 7 days a week. This measure will require the hiring of additional personnel, thus increasing the organization's administrative burden and, accordingly, the price of rent.

Even at the minimum wage, this expense represents an amount of almost \$44,000 per year that Résidence Saint-Étienne will be required to pay, an amount that, once added to the monthly rent, comes to an average increase of \$100 (one-hundred dollars) for each tenant.

Can the Minister of Health and Social Services intervene as soon as possible to postpone the application of the regulation, thus avoiding dramatic consequences for the concerned residences, including the increase in the administrative burden that could compromise the very survival of these establishments?

Can the Minister of Health and Social Services intervene as soon as possible to prevent seniors from worrying about impoverishment caused by an increase in their rent, or by the obligation to relocate at a lesser cost, to a place that is less safe?

Will the Minister consider the possibility of meeting with the persons responsible for associations and groups representing residences for seniors, so as to review the existing parameters and adjust services to the specific needs of each individual residence?

(5) Mrs. St-Pierre (Acadie) – **13 March 2013**

To the Minister of International Relations, La Francophonie and External Trade:

We ask the Minister of International Relations, La Francophonie and External Trade to provide us with the following information in reference to the mission carried out by the Premier and the Minister for Canadian Intergovernmental Affairs and Sovereignist Governance in London and Scotland in January 2013:

1. The list of persons who accompanied the Premier and the Minister;
2. The overall mission expenditure charged to the Secrétariat aux affaires intergouvernementales canadiennes, the Executive Council, the Ministère des Relations internationales, de la Francophonie et du Commerce extérieur and, if applicable, to the Québec Delegation in London;
3. The mission's agenda;
4. The list of persons with whom meetings were held as well as a copy of their business cards;
5. The complete itinerary;
6. The exchange of correspondence between Premier Salmond and the Premier of Québec, as well as the exchange of e-mails between their respective offices since 4 September 2012.

(6) Mr. Bonnardel (Granby) – **19 March 2013**

To the Minister of Transport:

In Québec, the owner of a motor road vehicle is required to register the vehicle unless he or she has an exemption under the *Highway Safety Code*.

The registration fees for off-highway vehicles include a special contribution aimed at supporting the financial assistance program to develop and maintain Québec's off-highway vehicle infrastructures.

Several owners of all-terrain vehicles (ATV), such as farmers and foresters, never use them for this purpose, but rather for their farming and forestry activities.

Could the Minister of Transport explain to us why these owners are obliged, through their registration, to pay \$21 for the maintenance of the trail networks reserved for ATVs?

Furthermore, what is the total amount of ATV contributions received by the SAAQ and what is the amount actually set aside by the SAAQ to develop and maintain the ATV trail networks?

(7) Mr. Bonnardel (Granby) – **19 March 2013**

To the Minister of Transport:

In Québec, the owner of a motor road vehicle is required to register the vehicle unless he or she has an exemption under the *Highway Safety Code*, and vehicles are generally registered according to their use.

As regards farm tractors, the C licence plate (road vehicles with restricted-area use) allows its owner to use it for any purpose, including commercial snow removal, while a snow-removal contractor is required, for his part, to get an F licence plate (other vehicles).

The registration cost for a farm tractor is \$38.19 per year, while the cost to register a vehicle used for snow removal ranges from \$347.21 to \$760.21, according to the weight of the vehicle.

The accident risk is practically the same whether snow removal is carried out by a farmer or by a snow-removal contractor, but the premium charged for the automobile insurance contribution of the C licence plate (\$27.54) is much lower than that of the F licence plate (\$148.96).

Could the Minister of Transport give us the reasons why snow-removal contractors are not allowed to benefit from the same advantage enjoyed by farmers who carry out commercial snow removal?

What is the detailed portrait of the number of snow-removal vehicles registered by farmers and the number of snow-removal vehicles registered by snow-removal contractors? What are the costs associated with these registrations?

- (8) **Mr. Picard (Chutes-de-la-Chaudière) – 20 March 2013**
To the Minister responsible for Government Administration and Chair of the Conseil du trésor:

Last 7 February, during the examination of the estimates of expenditure, I asked for details of the figures as at 31 March 2012, concerning the breakdown of the pension plans and the Retirement Plans Sinking Fund (RPSF) liabilities for each of the private and public employee plans, with the active participants and beneficiaries categories presented separately.

This data is especially important as it will allow me to continue my reflection on the future of Québec pension plans.

Also, could the Minister responsible for the administration of legislation respecting the professions be able to provide this data as soon as possible?

- (9) **Mr. Le Bouyonnec (La Prairie) – 20 March 2013**
To the Minister of Transport:

The intersection of Route 104 and Rang de la Bataille in La Prairie is an area dreaded by the region's motorists. Indeed, numerous persons are injured – and some die – each year in road accidents that occur at that intersection. According to the Roussillon Police Service, intersection 104 – La Bataille is the scene of six to eight road accidents per year.

A coroner's report in 2009 concluded that the left turn on Road 104 in the direction of Rang de la Bataille was "perilous". Last month, another motorist died a few hundred feet from this intersection on Road 104.

For the past fifteen years, the City of La Prairie has been urging the Transport Ministry to take the necessary measures to ensure the safety of those who travel on Road 104, where the installation of a traffic light is necessary. I myself wrote to the Minister of Transport over two months ago, before the last fatal accident happened, to support the actions of the La Prairie municipal council, but I only received a confirmation message.

What are the Transport Ministry's ongoing or planned projects regarding this intersection and what are the type and status of these projects as well as their deadlines?

Does the Minister of Transport intend to get personally involved in this case and make certain that we prevent more serious accidents and more deaths from occurring at this intersection?
