## **EXPLANATORY NOTES**

*Under this bill, the Société des alcools du Québec is assigned the function of promoting alcoholic beverages made in Québec.*

*A new class of permit, the small-scale distiller's permit, has also been created. Holders of this permit are authorized to make alcohol and spirits from raw materials harvested in Québec or their residues.*

*Holders of a small-scale distiller's permit may sell their alcoholic beverages within a cooperative composed of small-scale production permit holders, small-scale distiller's permit holders or farm producers.*

*The conditions under which holders of a small-scale production permit or small-scale distiller's permit may sell their alcoholic beverages have also been modified. For instance, such beverages may be sold at an agricultural or agrifood exhibition, farm producers' market, public market, fair or other public event. They may also be sold directly to the holder of a grocery permit or a restaurant service permit.*

*Lastly, the bill amends the Act respecting liquor permits in order to authorize holders of a restaurant service permit to sell alcoholic beverages made in Québec and purchased from holders of a small-scale production permit or small-scale distiller's permit.*

## **LEGISLATION AMENDED BY THIS BILL:**

- Act respecting liquor permits (chapter P-9.1);
