**ORDERS OF THE DAY**

**BUSINESS HAVING PRECEDENCE**

- (1) Resuming the debate, adjourned in the name of the Minister of Justice on **29 May 2014**, on the motion by the Premier, —That this Assembly approves the general policy of the Government,

And on the motions stating a grievance moved by:

**The Leader of the Official Opposition:**

THAT the National Assembly severely blame the Liberal Government for having deliberately chosen to create a climate of austerity that is detrimental to Québec's economy and for having failed to reassure middle-class families and the most vulnerable in our society.

**The Member for Terrebonne:**

THAT the National Assembly severely blame the Liberal Government for potential disorganization within the network of childcare centres and for the ongoing uncertainty affecting all Québec families.

**The Member for Sainte-Marie–Saint-Jacques:**

THAT the National Assembly severely blame the Liberal Government for its insistence on maintaining austerity in Québec and for its refusal to find new sources of income among wealthy businesses and individuals so as to achieve a balanced budget for the medium term and avoid hurting the economy, accessibility and quality of public services and the living conditions of the poor and the middle class.

**The Member for Bonaventure:**

THAT the National Assembly severely blame the Liberal Government for the climate of selective austerity that it has chosen to let loose upon the middle class and the most vulnerable in Québec society.

**The Member for Mercier:**

THAT the National Assembly severely blame the Liberal Government for the weakness of its intentions with regard to environment protection, particularly as regards the fight against climate change and the development of public transit, and for the incoherence of undertaking a strategic environmental assessment of the hydrocarbon sector without placing a complete moratorium on all projects already underway.

**The Member for Berthier:**

THAT the National Assembly severely blame the Liberal Government, which chooses to place the future of our public finances in the hands of a shadow committee.

**The Member for Marie-Victorin:**

THAT the National Assembly severely blame the Liberal Government, which has deliberately chosen to reopen the door to mini power stations, and that it strongly denounce the lack of vision on the part of the Government, which is going to have to dip into the pockets of middle-class taxpayers to fund them.
