Part 5

**WRITTEN QUESTIONS**

Questions already placed on the Order Paper  
*are published each Wednesday*

- 18) Mrs. Maltais (Taschereau) – **2 October 2014**  
To the Minister of Education, Recreation and Sports

On 8 July 2014, during a press conference, the Minister of Education, Recreation and Sports stated that when he had decided to return to medical practice in September 2012, while he was a Member of the Official Opposition, he had asked for the Ethics Commissioner's opinion regarding this situation.

Would the Minister commit to tabling in the House the request for the Ethics Commissioner's opinion?

Would the Minister commit to tabling in the House the Ethics Commissioner's answer to this request for an opinion?

Would the Minister commit to tabling all of the correspondence he had with the Ethics Commissioner regarding this situation?

- 20) Mr. Lisée (Rosemont) – **8 October 2014**  
To the Minister of Health and Social Services

Following up on the comments made by the Minister in response to the decision taken by the Agence de la santé et des services sociaux de Montréal to end payment of the attendance allowance for users with intellectual disabilities by the CRDITEDs, which he described as "unacceptable":

- We would like to receive a copy of the departmental directive requesting the retention of the \$4.36 allowance for persons covered by this program for the Montréal region, as well as for all other regions where appropriate.

- 25) Mr. Lisée (Rosemont) – **11 November 2014**  
To the Minister for Rehabilitation, Youth Protection and Public Health

Though it supported and voted in favour of a motion asking for increased funding for independent community organizations on 14 May 2013, the Government still refuses to take actions that are consistent with its positions. The motion reads as follows:

"That the National Assembly ask the Government to increase funding for independent community organizations working in the health and social services field;

That the National Assembly highlight the contribution of independent community organizations to Québec's social and economic development."

- We would like to have the amounts paid to each community organization working with disabled persons, persons with an intellectual or physical disability or with an autism spectrum disorder by the Agence de la Gaspésie et des Îles-de-la-Madeleine in 2014-2015, as well as the lower threshold set by the Agence for each of these organizations.

- We would like to know the reasons for the difference between the lower thresholds and the amounts paid to the organizations.
- We would like to know the steps taken by the Agence since the beginning of the year to help these organizations and to reduce the impacts of their insufficient funding.
- Concerning the Association des personnes handicapées des Îles-de-la-Madeleine (APHI), which is the only organization that provides services to persons with an intellectual or physical disability or with an autism spectrum disorder in the Magdalen Islands, how does the Minister explain the fact that it is still underfunded at the current time, jeopardizing its mission and its capacity to provide services twelve months a year?
- Will the Minister commit to meeting the APHI in order to observe the extent of the consequences of her failure to act with regard to community funding and to help them find solutions so that services provided to disabled persons may be maintained twelve months a year?

26) Mrs. Maltais (Taschereau) – **26 November 2014**  
To the Premier

Following the revelation of UPAC documents concerning the office of former minister Nathalie Normandeau, last 16 April, at a press conference, I had asked the Premier to answer a number of questions. As no answers were given thereto, I am asking again:

- Was the Premier given this information when the search was conducted at the QLP's headquarters in July 2013? If so, what actions did he take to address this issue?
- How many years did this double bookkeeping, riding 127, exist?
- Does riding 127 still exist?
- Finally, what amount of money was placed in riding 127?

27) **Mr. LeBel (Rimouski) – 27 November 2014**  
To the Minister of Employment and Social Solidarity

On the occasion of the International Day for the Eradication of Poverty, the Member for Rimouski and Parti Québécois opposition critic for the fight against poverty, solidarity and social economy, Mr. Harold LeBel, chaired a workshop entitled "Questions to the minister" within the framework of a day of activities on "Initiatives that enrich the community". This event, organized by the Alliance pour la solidarité et l'inclusion sociale and the Regroupement contre l'appauvrissement, allowed citizens to prepare questions that they wanted to submit to ministers in order to have a better understanding of the Government's policy directions.

Would the Minister of Employment and Social Solidarity provide answers to the National Assembly that will be forwarded to the people of the electoral division of Rimouski:

1. Does this Government intend to implement a new plan of action against poverty during its present mandate?
2. Several studies indicate that fighting against poverty is more cost-effective than trying to alleviate its devastating consequences. Why is the Government so intent on cutting programs that are vital to the most vulnerable members of society?
3. Welfare recipients are allowed to earn up to \$200 per month without having their monthly allowance cut. However, for the extra dollars, there can be a significant impact on welfare benefits. Could we have tax measures that would further encourage welfare recipients to return to the labour market without losing financial advantages?
4. The concept of marital relationship on welfare is, according to jurists, an outdated and very difficult concept to defend that causes recipients to be looked upon with suspicion and encourages neighbours to spy on each other. Could we abolish this rule so that welfare recipients may be treated equally, and maintain their independence in order to freely enjoy a conjugal relationship?

5. For persons earning the minimum wage, it is very difficult to have a down payment to be able to borrow money to buy their own home. Monthly rent prevents them from being able to put money aside. Does the Government foresee developing measures to allow low-income persons to also have the possibility of purchasing their own home?

6. Rough partisanship in debates, numerous internal conflicts, hostilities directed against each other in the National Assembly and throughout the media appears to us to be quite a mess that only creates more confusion and consternation. Would it be possible to re-establish a climate of cooperation among parliamentarians that enabled the passage of the Act to combat poverty and social exclusion, in 2002, and allow current parliamentarians to hear what civil society has to say so in order to make an assessment of the 10 years of the Act and set new targets for us?

7. According to studies on poverty, welfare recipients and persons with mental illness are victims of self-stigma. The sense of shame, guilt and insecurity, which gives rise to a recurring disincentive to the use of services, is often due to the public's perception of these people. Stigma leads to self-stigma and self-exclusion. Does the Government intend, in its program, to implement an action plan to counter prejudice and social discrimination?

28) Mr. LeBel (Rimouski) – **28 November 2014**  
To the Minister of Health and Social Services

When asked about the case of a CHSLD resident who had not been given a bath in nine months last 27 November, the Minister of Health and Social Services gave the following answers in the National Assembly:

"Mr. Président, I am entirely in agreement with certain comments that have just been made. It is a situation that is absolutely unacceptable, and I would certainly like to say to the woman and her family that this type of situation is obviously unacceptable, of course. No one can tolerate that.

At the Ministère, Mr. President, we are currently working with the authorities to assess this situation, because the reasons that led to this situation are, at least from what has been reported in the newspapers, quite difficult to understand, since a certain number of technical problems were put forward that I myself have trouble justifying. So, this will have to be clarified, on the one hand.

And, on the other hand, this type of event has been reported a certain number of times now, to the extent that at the Ministère we have decided to undertake a comprehensive review of the policy directions regarding the care to be given to persons and especially the rules to be applied regarding management so that things are set straight in our CHSLD network, Mr. President.

[...]

Mr. President, I very clearly expressed the same thoughts as my colleague has just done. This situation is not acceptable. The people listening to us are entirely right to expect that this situation will not only be corrected, but that it will not happen again. And we will make every possible effort so that it never happens again, Mr. President, by, among other things, reviewing our procedures throughout the network."

We would like to obtain a copy of the procedures, policy directions and revised rules as the Minister has committed to do, as well as any directive on this matter that may have been issued by the Ministère and/or the agencies to the establishments following the questions raised by the Official Opposition.

29) Mr. Traversy (Terrebonne) – **3 December 2014**  
To the Minister of Families

Considering that recently the Minister of Families announced her Government's intent to convert private unsubsidized daycare into private subsidized daycare. Furthermore, she indicated that CPE projects that could not be carried out because they would be unable to pay the 50% of capital costs that the Minister wants to impose on them should turn to partnerships with private unsubsidized daycare.

Without denying that there may be quality commercial daycare, why is their percentage of complaints much higher each year?

How does the commercialization of daycare services ensure the presence of daycare providers that are as adequately qualified as those in the CPE network?

How can commercial daycares guarantee an environment that is at the leading edge of knowledge in the field when they often lack an ongoing training program and consulting services to support staff?

How can a commercial business reconcile a legitimate quest for profit with working conditions (salaries, benefits, ongoing training) equal to those of non-profit daycare services cooperatives (CPE)?

How can these commercial daycares avoid staff turnover that compromises the familiar and comforting presence of childcare providers whom children and parents need?

How can these commercial daycares contribute to facilitating access, as do the CPEs, for children from disadvantaged backgrounds and for children with special needs (physical handicaps, autism, behavioural problems, etc.) considering that these children require special attention and often greater financial costs that do not fall within the mercantile interests of these commercial daycares?

The Minister of Families recently mentioned the possibility that CPEs might have to seek partnerships with private unsubsidized daycares. How do these daycares intend to give parents a majority of the seats on the administrative board, as in CPEs, these parents who are essential guardians of their children's welfare?

30) Mrs. Massé (Sainte-Marie–Saint-Jacques) – **3 December 2014**  
To the Minister of Justice

On 25 June 2014, the Minister of Justice assured us that the draft regulation that will implement the sections of the Act to amend the Civil Code as regards civil status, successions and the publication of rights (C.Q.L.R. 2013, chap. 27) concerning trans persons would be published this fall.

Last week, the Minister of Justice stated that she had finalized the drafting of the regulation and was reassuring with regard to the regulation's progression within Parliament.

Since she understands its whys and wherefores, would the Minister answer the citizens' request and tell us what the draft regulation contains? Did the Minister include in the regulation the recommendations made by the expert groups and the opinions issued by the other parties? Does she intend on consulting them?

Lastly, the sessional period is coming to a close and the Minister still has not set the date for the tabling of the draft regulation. Is the Minister able to give us the formal date of publication of the regulation?
