EXPLANATORY NOTES

This bill gives effect to various measures announced in the Budget Speeches delivered by the Minister of State for the Economy and Finance on 31 March 1998 and 9 March 1999 and contained in Information Bulletins 98-3, 98-6 and 99-1 issued by the Ministère des Finances respectively on 23 June and 24 September 1998 and 30 June 1999.

The bill consolidates the rules governing international financial centres under a single Act in order to facilitate their promotion.

DIVISION II

CORPORATIONS AND PARTNERSHIPS OPERATING AN INTERNATIONAL FINANCIAL CENTRE

§1. — *Taxable income*

52. A person who, in a taxation year, is a corporation operating an international financial centre or a member of a partnership that, in a fiscal period of the partnership ending in that year, operates such a centre may deduct, in computing the person's taxable income for the year, an amount not exceeding the part of the person's income for the year that may reasonably be considered to be the amount by which

(1) the aggregate of all amounts each of which is the person's income for that year from the operations of an international financial centre operated by the person or the person's share of the partnership's income for that fiscal period from the operations of an international financial centre operated by the partnership, exceeds

(2) the aggregate of all amounts each of which is the person's loss for that year from the operations of an international financial centre operated by the person or the person's share of the partnership's loss for that fiscal period from the operations of an international financial centre operated by the partnership.

53. Where, in accordance with subsection 3 of section 33.1 of the Income Tax Act (Revised Statutes of Canada, 1985, chapter 1, 5th Supplement), the person referred to in section 52 has designated for a taxation year an office or branch located within the territory of Ville de Montréal as the place where an international banking centre business is to be carried on and the office or branch is, except as regards the conduct of transactions other than qualified international financial transactions, located at the place referred to in

subparagraph 4 of the first paragraph of section 6, in respect of an international financial centre operated by the person, the aggregates referred to in paragraphs 1 and 2 of section 52 shall be determined as if

(1) the person's income for the year from the operations of the international financial centre were equal to the greater of the person's income otherwise determined for the year from such operations and the amount of income in respect of that international banking centre that, pursuant to that section 33.1, is not required to be included in computing the person's income for the year for the purposes of the Income Tax Act; and

(2) where the amount determined in paragraph 1 is positive, as if any loss for the year from the operations of the international financial centre were nil.

54. For the purposes of section 52, where a person referred to therein for a taxation year is an individual to whom section 65 applies for the year and the fiscal period of the partnership that operates an international financial centre and of which the person is a member at the end of that fiscal period ends in the part of the reference period established in respect of the person under section 69 included in that year, the person's share of the partnership's income or loss for that fiscal period is deemed to be nil.

55. A person who, in a taxation year, is a corporation operating an international financial centre or a member of a partnership that, in a fiscal period of the partnership ending in that taxation year, operates such a centre shall include, in computing the person's taxable income for the year, an amount equal to the amount by which the aggregate determined for the year in respect of the person under paragraph 2 of section 52 exceeds the aggregate determined for the year in respect of the person under paragraph 1 of that section.

However, the amount determined under the first paragraph for a taxation year in respect of a person shall in no case exceed the person's income for the year, computed for the purposes of Part I of the Taxation Act (R.S.Q., chapter I-3) and without reference to any income or loss from the operations of an international financial centre operated by the person or the partnership in the year or fiscal period.

56. §2. — *Tax on capital*

57. A corporation that, in a taxation year, operates an international financial centre or is a member of a partnership that, in a fiscal period of the partnership ending in that year, operates such a centre may deduct, in computing its paid-up capital for the year, for the purposes of Part IV of the Taxation Act (R.S.Q., chapter I-3), any amount attributable to the operations of the international financial centre that the corporation has included in such computation, other than the amount referred to in section 59.

58. Where the deficit reported in the financial statements of a corporation referred to in section 1136, 1140, 1141 or 1141.1 of the Taxation Act (R.S.Q., chapter I-3) for a taxation year is less than the deficit that would be reported were it not for the operations of any international financial centre operated by the corporation directly or through a partnership, the corporation may also deduct, in computing its paid-up capital for the year, for the purposes of Part IV of that Act, the amount by which

(1) the amount that would be the deficit of the corporation if the operations of any international financial centre operated by the corporation or partnership were not taken into account, exceeds

(2) the amount deducted by the corporation in computing its paid-up capital under paragraph *a* of section 1137 of that Act or, but for this section and section 57, under section 1141.2 of that Act.

59. Where the deficit reported in the financial statements of a corporation referred to in section 1136, 1140, 1141 or 1141.1 of the Taxation Act (R.S.Q., chapter I-3) for a taxation year would be nil were it not for the operations of any international financial centre operated by the corporation directly or through a partnership, or where the amount of surplus or retained surpluses and earnings of the corporation reported in its financial statements for that year is less than the amount that would be reported were it not for those operations, the corporation must include in computing its paid-up capital for the year, for the purposes of Part IV of that Act, the lesser of

(1) the amount that would be the deficit reported in the corporation's financial statements for the year if only the operations of any international financial centre operated by the corporation or partnership were taken into account; and

(2) the amount by which the amount that would be the surplus or the retained surpluses and earnings of the corporation reported in its financial statements for the year if the operations of any international financial centre operated by the corporation or partnership were not taken into account, exceeds any amount included as retained surpluses or earnings by the corporation in computing its paid-up capital under paragraph *b* of subsection 1 of section 1136, paragraph *c* of section 1140 or 1141 or paragraph *d* of section 1141.1, as the case may be, of the Taxation Act.

60. A corporation may not deduct, in computing its paid-up capital for a taxation year for the purposes of Part IV of the Taxation Act (R.S.Q., chapter I-3), any part of an amount referred to in section 1137, 1141.2 or 1141.2.1 of that Act, except an amount referred to in section 57, that is attributable to the operations of an international financial centre operated in the year, directly or through a partnership, by the corporation.

61. A corporation whose operations consist solely in operating, directly or through a partnership, an international financial centre is not required to pay the minimum amount of tax determined under section 1135 or the second paragraph of section 1167, as the case may be, of the Taxation Act (R.S.Q., chapter I-3).

§3. — *Refundable tax credit*

62. A person who, in a taxation year, is a corporation that operates an international financial centre or a member of a partnership that, in a fiscal period of the partnership ending in that year, operates such a centre, is deemed, as provided in Division II.6.10 or II.6.11 of Chapter III.1 of Title III of Book IX of Part I of the Taxation Act (R.S.Q., chapter I-3) where the conditions set out therein are satisfied for the year, to have paid to the Minister of Revenue on the person's balance-due day, within the meaning of section 1 of that Act, for the year, on account of the person's tax payable for that year under Part I of that Act, the amount determined in respect of the person for that year under that division.

§4. — *Source deductions*

63. No amount shall be deducted or withheld under section 1015 of the Taxation Act (R.S.Q., chapter I-3) in respect of the remuneration, for a period or part of a period of a taxation year, of an employee of a corporation or partnership operating an international financial centre, from the employee's employment with the corporation or partnership, where the following conditions are satisfied:

(1) except where section 104 applies for the period or part of the period in respect of the employee in relation to that employment, a qualification certificate had been issued pursuant to section 14 or 15 in respect of the employee in relation to that employment and is valid for that period or part of the period;

(2) where section 104 applies for that period or part of the period in respect of the employee in relation to that employment, a certificate had been issued for the preceding taxation year pursuant to any of sections 19 to 21 in respect of the employee in relation to that employment and is valid; and

(3) it may reasonably be considered that the conditions relating to that employment on which was based the decision of the Minister of Finance to issue the qualification certificate referred to in paragraph 1 or the certificate referred to in paragraph 2 remain essentially the same for the period or part of the period.

However, in the case of an employee to whom subparagraph 1 of the first paragraph applies by reason of a qualification certificate issued in respect of the employee pursuant to section 15 in relation to that employment, or to whom subparagraph 2 of the first paragraph applies by reason of a certificate issued in respect of the employee pursuant to section 20 or 21 in relation to that employment, the first paragraph applies only in respect of the part of the remuneration of the employee that corresponds to one-third of the employee's wages, within the meaning of section 72, from that employment for the period or part of the period concerned.

§5. — *Québec health services fund*

64. The wages paid by a corporation or partnership operating an international financial centre to one of the employees of the business of the corporation or partnership that constitutes the international financial centre does not constitute wages subject to the contribution provided for in section 34 of the Act respecting the Régie de l'assurance-maladie du Québec (R.S.Q., chapter R-5) if the wages are attributable to

(1) a period covered by a valid certificate issued pursuant to any of sections 19 to 21 in respect of the employee in relation to that employment; or
