Bill 166

An Act to reform the school tax system

Section 72

AMENDMENT:

Replace by:

72. For the purposes of section 313.4 of the Education Act, enacted by section 6 of this Act, the amount for the regionalization of the school tax of a school tax region that is applicable from the school year 2020–2021 is determined by the formula

$$(A + B) - (C + D).$$

For the purposes of the formula in the first paragraph,

(1) A, which may be negative, is the total of the results obtained under subparagraph 3 of the first paragraph of section 475 of the Education Act for the school year 2019–2020 by any school board whose territory is entirely situated in the school tax region;

(2) B, which may be negative, is the total of the results obtained by performing the following computations for any school board whose territory is situated in part in the school tax region:

(a) determining the fractional value of the maximum school tax proceeds of each school board concerned, for the part of its territory situated in that region, computed in accordance with the fourth paragraph of section 308 for the school year 2019–2020;

(b) determining, for that school year, the amount that is the portion of the school tax proceeds of the school board that would have been obtained according to the assessment roll updated to 1 May 2019 by applying the rate imposed for the year 2019–2020 to the immovables situated in the school tax region that are taxable by the school board, with reference to the value mentioned in section 310.1 of the Education Act; and

(c) subtracting the amount obtained under subparagraph *b* from the amount obtained under subparagraph *a*;

(3) C is the exemption compensation amount computed in accordance with section 313.2 of the Education Act, enacted by section 6 of this Act, as if it had been applicable to the school year 2019–2020, on the basis of the assessment roll that is up to date on 1 May 2019 and by replacing “determined in accordance with section 311” in paragraph 3 of that section by “determined in accordance with section 312 or the third paragraph of section 435, as the case may be, or, for the Montréal school tax region, by the maximum rate that can be determined under section 434.2.1”; and

(4) D is the amount for regions with insufficient fiscal resources computed according to the assessment roll updated to 1 May 2019 in accordance with section 313.3 of the Education Act, enacted by section 6 of this Act, as if it had been applicable to the school year 2019–2020, and by replacing “anticipated complementary revenues of the school tax region in accordance with section 312” in subparagraph 1 of the first paragraph of that section by “maximum school tax proceeds of the school tax region in accordance with section 308”.

Where the result of the addition of A and B in the formula is less than zero, it is deemed to be equal to zero. The same applies to the amount determined by the whole formula.

For the Montréal school tax region, the result of the addition of A and B in the formula in the first paragraph is replaced by the amount obtained under section 475.1 of the Education Act, enacted by paragraph 15 of section 67 of this Act.

For the Montérégie school tax region, the portion of B attributable to the Lester-B.-Pearson School Board corresponds to the result obtained under subparagraph 3 of the first paragraph of section 475.1.1 of the Education Act, enacted by paragraph 16 of section 67 of this Act.
