VI. Statutory Debates

BUSINESS STANDING IN THE NAME OF MEMBERS IN OPPOSITION

(107) 13 March 2018

Motion by the Member for Lévis:

THAT the National Assembly recognize that, according to data published by the Canadian Institute for Health Information, the average remuneration of Québec's medical specialists has exceeded that of their Canadian counterparts since 2014–2015;

THAT it also acknowledge the Health Minister's remarks of 15 February 2018 to the effect that Québec's medical specialists now earn more than Ontario's;

THAT it recognize that Quebecers will pay medical specialists more than necessary and that it therefore ask the Québec Government not to sign the new agreement with the medical specialists before the next general election in 2018.

WRITTEN QUESTIONS

Questions already placed on the Order Paper
are published each Wednesday

- (284) Mr. Turcotte (Saint-Jean) – **6 February 2018**
To the Minister of Health and Social Services

On 18 August 2015, construction on Hôpital du Haut-Richelieu's expansion project was halted via a letter issued by your department. At that time, we were informed that your department had considerably changed Hôpital du Haut-Richelieu's major expansion plans to exclude the construction of a real laboratory on the 3rd floor. When you visited Saint-Jean-sur-Richelieu to inaugurate Hôpital du Haut-Richelieu, you presented your Optilab project as being an "opportunity" for my constituents. Optilab is not only a loss of expertise for the Haut-Richelieu region, but it is mostly risks involved in

transporting laboratory samples from Hôpital du Haut-Richelieu laboratories to Hôpital Charles-Lemoyne. You don't seem to have given any consideration to my proposal to divide the server laboratory into two centres, a proposal that makes sense since, on the one hand, the entities are located in the same administrative unit, namely the Centre intégré de santé et de services sociaux (CISSS) de la Montérégie-Centre, and, on the other hand, this would have resulted in savings since we would have made efficient use of the spaces that are already available by avoiding the construction of a new mega laboratory. My constituents are under the impression that you chose Charles-Lemoyne at the expense of the Haut-Richelieu region. We know that the Hôpital Charles-Lemoyne site is already used to full capacity.

- Can you still confirm that the construction of the Montérégie server laboratory will take place on the Hôpital Charles-Lemoyne site? If so, at what cost? If not, where will the Montérégie server laboratory be built? Will this laboratory be in your electoral division or in that of a Member belonging to the parliamentary group forming the Government?

(285) Mr. Khadir (Mercier) – **13 February 2018**
To the Minister of Energy and Natural Resources

I would like to have information concerning the amounts indicated in the tables on pages 2 and 3 of the document entitled "Quantité, valeur de la production à la tête du puits et droits versés par les sociétés minières", which document is published annually, for the years 2014, 2015 and 2016.

Regarding the column entitled "droits versés" indicated in these tables:

- Do the amounts indicated correspond to the amounts reported by the mining companies in their respective IM-30 forms (2014-02) or were these amounts calculated by the Ministère?
- If this is an amount reported in the IM-30, does this amount correspond to the mining tax on annual profit (line 133 of the form), mining tax payable (line 160), duties payable (line 162), payments made (line 201), balance due (line 204) or another amount indicated on the form?
- If this is an amount other than one of those mentioned above, would it be possible to detail the formula used to obtain this amount?

(287) Mr. Villeneuve (Berthier) – **22 February 2018**
To the Minister of Agriculture, Fisheries and Food

On 19 February 2018, the Producteurs de grains du Québec contacted your department regarding the "seven mistakes that need to be corrected" to maintain their sector's competitiveness:

1. Abolition of financial protection against grain's low price cycles;
2. Unjustified misappropriation of the Farm Income Stabilization Insurance program's remaining balance;
3. Lack of financial programs required to help producers meet their environmental obligations;
4. Lack of compensation for riparian buffer planting restrictions;
5. Carbon taxation and lack of compensation program reciprocity;
6. Broken promise regarding a working table on grain sector competitiveness;
7. Abusive reform of the pesticides regulation.

We would like to know what actions will be taken by your department to address the concerns of the Producteurs de grains du Québec.

(288) Mr. Villeneuve (Berthier) – **22 February 2018**
To the Minister of Sustainable Development, the Environment and the Fight Against Climate Change

(289) Mr. Bourcier (Saint-Jérôme) – **22 February 2018**
To the Minister of Economy, Science and Innovation

On 21 February 2018, the Minister of Economy, Science and Innovation stated that the Arion Technologies Automobiles joint venture, created in March 2016 by Peugeot-Citroën (PSA), Exagon Motors, Investissement Québec and Hydro-Québec (IndusTech subsidiary) to carry out a feasibility study on the construction of a high-performance electric car assembly plant in Québec, decided not to go ahead with the project.

The Premier stated that the feasibility study indicated that the experience had to be discontinued, while the minister gave reasons for this decision, indicating that a large amount of public funds would have been needed to support this project, in addition to its being quite risky.

The minister also indicated that she had not received a letter from Peugeot-Citroën asking for the retraction of public comments made by the Government a few weeks earlier: "[Translation] I did not receive a letter requesting the Government's retraction".

My questions are the following:

- Will you release the findings of the feasibility study carried out by Arion Technologies Automobiles?
- Would you indicate whether another member of the Cabinet (or his or her home department), Investissement Québec or Hydro-Québec received a letter from Peugeot-Citroën demanding the Government's retraction in this matter? If so, will you release the said letter?
- Did Investissement Québec and Hydro-Québec members on Arion Technologies Automobiles' board of directors vote in favour of stopping the project?
- Did Arion Technologies Automobiles' board of directors vote unanimously in favour of stopping the project?
- Did you or your department, other members of the Cabinet, Investissement Québec or Hydro-Québec approach Innovation, Science and Economic Development Canada to obtain funding for this project within the framework of the Automotive Innovation Fund (AIF)?

(290) Mr. Bourcier (Saint-Jérôme) – **13 March 2018**

To the Minister of Transport, Sustainable Mobility and Transport Electrification

In February 2017, Cie des Laurentides Inc. and the company 9274-5173 Inc, two taxi companies working in Saint-Jérôme and Prévost, sent the Commission des transports du Québec a request to merge jurisdictions.

A year later, the Commission still hasn't ruled on this matter while the concerned parties have expressed the need to merge jurisdictions to provide better service to the citizens of the Laurentides region.

I would like the Minister to indicate why this matter is still suspended and when specifically the Commission des transports intends to make its decision known. In the event that the request is denied, we would like the Commission des transports to publicly disclose its motives.

(291) Mrs. Massé (Sainte-Marie–Saint-Jacques) – **13 March 2018**

To the Minister of Employment and Social Solidarity

Disabled persons living in poverty in intermediate resources and family-type resources were denied the monthly \$73 increase in social solidarity benefits that came into force last 1 February.

The Régie de l'assurance maladie du Québec (RAMQ) increased the required contribution of residents receiving social solidarity benefits from \$747 to \$820, since the monthly expense allowance is capped at \$215, when it should have been adjusted according to the anti-poverty plan.

This allowance is established under the Regulation respecting the contribution of users taken in charge by intermediate resources (CQLR, chapter S-4.2, r. 7), while the financial contribution of users in family-type resources is established under sections 376, 377 and 377.1 of the Regulation respecting the application of the Act respecting health services and social services for Cree Native persons (CQLR, chapter S-5, r. 1).

The amounts taken into consideration in calculating the contribution of users and indexed annually in accordance with the annuity index are established in pursuance of section 117 of the Act respecting the Québec Pension Plan (CQLR, chapter R-9).

It is reasonable to ask ourselves why the Minister of Employment and Social Solidarity and the Minister of Health and Social Services did not harmonize the anti-poverty plan with the Act respecting health services and social services and its regulations, by, among other things, tabling a new regulation, so as to make adjustments and thus ensure fair treatment of all.

After having been strongly criticized in this regard, the Liberal Government subsequently opened the door to an upward revision of the personal expense allowance. In light of the elements brought to the attention of the Minister of Employment and Social Solidarity and the Minister of Health and Social Services, I would like to know:

- 1) How and when do both ministers intend to harmonize the anti-poverty plan with the Act respecting health services and social services and the regulations setting the contribution of users?
- 2) Will the thousands of persons affected by this lack of harmonization between the two departments be able to retroactively receive the monthly \$73 increase in social solidarity benefits that has been denied them thus far?

It goes without saying that actions must be taken without delay to better support the thousands of disabled persons taken in charge by intermediate resources.
