Motion moved by the Member for Pontiac under Standing Order 97:

THAT the National Assembly acknowledge that there are currently not enough health professionals in the majority of Québec's health care institutions;

THAT it recognize that the shortage of health professionals is having an impact on the quality of care provided to patients;

THAT it recognize that health professionals experience dissatisfaction, distress and burnout, and that they are more often absent and at greater risk of workplace accidents;

THAT it take note that "sit-ins" have been held in numerous health care institutions in different regions of Québec to deplore staff shortages and heavy workloads;

THAT it note that the pilot projects designed to test the implementation of new staff-to-patient ratios have been completed and that their findings are conclusive, for both staff and patients;

THAT the National Assembly ask that the CAQ Government implement the new staff-to-patient ratios immediately and that it include the necessary funding in the 2020–2021 budget.

Part 5

WRITTEN QUESTIONS

*Questions already placed on the Order Paper
are published each Wednesday*

- (121) Ms. Labrie (Sherbrooke) – **6 February 2020**
To the Minister of Education and Higher Education

Last December, the Minister of Economy declared that education would be one of the most important sectors to act on to fight the labour shortage in Québec. In January, the Minister of Finance mentioned education as a means to generate long-term wealth in Québec.

Although the Government is following the 2017 Policy on Educational Success, that policy fails to take into account a good number of adult education sectors. The most recent adult education policy dates back to 2002 and its related action plan expired in 2007. The review of the 2002 policy highlighted its shortcomings and the issues relating to adult learning.

My question is as follows:

In this context, will the Minister of Education and Higher Education commit to giving Québec a real adult education policy?

- (122) Ms. Fournier (Marie-Victorin) – **6 February 2020**
To the Minister of Immigration, Francization and Integration

Since over 18,000 immigration application files were terminated as a result of Bill 9 being passed, the department has proceeded to refund the costs related to

those applications. Although a form is now available online for the applicants who want the refund, there is yet no procedure for mandataries who have already paid the required fees.

These mandataries made a payment on behalf of an applicant for various reasons, such as difficult or inexistent access to a bank account in the applicant's country of origin, or because of economic sanctions limiting banking transactions, as is currently the case in Iran. Mandataries have been waiting for months for their refund, often without a reply from the department. Moreover, communications with the department, when they are established, take place exclusively with the applicant and not the mandatory to whom the refund is however due.

These unreasonable delays and the lack of communication cause a great deal of anxiety, frustration and uncertainty for these citizens and residents, for whom the payment of hundreds of dollars can put great strain on their personal finances.

My questions are as follows:

- Will the Minister commit to putting in place a procedure for refunding the mandataries, as soon as possible?
 - If so, can he inform us of the timeline for putting the procedure in place?
- In addition to communicating the reimbursement procedure to the immigration applicants, will the Minister promise to communicate the procedure directly to the mandataries, in those cases where the department has their contact information?
