WRITTEN QUESTIONS

(173) Mr. Gaudreault (Jonquière) – **8 October 2020**

To the Minister of Finance

We have received a citizen's testimony regarding certain aspects of exchange traded funds, mutual funds and defined contribution pension funds—aspects that he considers to be anomalies. In his opinion, certain income distributions (capital distributions, capital gains and dividends) are not made. We can provide all the documents supporting his claims.

The issue we want to bring to the Minister of Finance's attention is the transparency of discount brokerage firms and financial institutions. The current regulations allow these institutions to display only certain information on the detailed statements sent to investors and retirees, which makes it more difficult to monitor the different movements of capital in their accounts. Discount brokerage firms and financial institutions therefore seem able to avoid displaying certain amounts that, often, would be relevant for investors and retirees to know. This situation is all the more worrisome in that it potentially affects a large number of people who do not regularly monitor their investments or pension funds. For example, it is not possible to know the income distribution details, whether it be regarding capital distributions, capital gains, Canadian-source interest income or dividends.

Given this situation, our questions to the Minister of Finance are as follows:

Will the Minister of Finance commit to shedding light on these aspects of exchange traded funds, mutual funds and defined contribution pension funds?

Will the Minister of Finance commit to amending the regulations in force to increase transparency in the statements issued by brokerage firms and financial institutions, and require that the brokerage firms and financial institutions display all capital movements on the detailed statements for investors and retirees?
