Part 5

WRITTEN QUESTIONS

*Questions already placed on the Order Paper
are published each Wednesday*

- (186) Mr. Fontecilla (Laurier-Dorion) – **1 December 2020**
To the Minister of Immigration, Francization and Integration

The pandemic and the reform of the Programme de l'expérience québécoise (PEQ – Québec experience program) have resulted in significantly longer processing times to obtain a Québec selection certificate (CSQ). The processing times have increased from 25 days to more than 6 months, leading to increasingly intolerable situations for those who hope to obtain a CSQ to pursue their dream of settling in Québec.

In addition to the much longer processing times, we have seen an increase in the number of applications returned to applicants where the Ministère de l'Immigration, de la Francisation et de l'Intégration (MIFI) refers to the absence of documents or an inability to collect the processing fees. Returning these applications obviously causes additional delays. We understand that the MIFI cannot process incomplete applications, but when this department requests documents to update a file that was already complete when it was received six months earlier, it is hard for us to understand how immigration candidates can be penalized for delays that the MIFI is responsible for. We would also like to point out that the COVID-19 context has made it more difficult to obtain these non-essential documents because some people have lost their job, been laid off or have an implied status.

For these people, the processing of their case is urgent and critical for them to return to a sense of normalcy. In fact, the CSQ is required to establish permanent residency in Québec and, in many cases, to renew a work permit while waiting to obtain permanent residency. Similarly, we are concerned to see immigration applications rejected due to a lack of rigour by the MIFI, which loses track of items that have been properly mailed by immigration candidates in a timely manner, as mentioned by the Québec Ombudsperson in her 2019–2020 report.

We have also found that the mechanism for payment of fees, which requires the availability of \$812 for a continuous period of six months, is not suitable for a context where many are in difficult financial situations.

In light of these real-life situations we have heard through citizens' requests at riding offices, the questions for the Minister are as follows:

- Will the Minister commit to accelerating application processing by hiring additional agents?
- Will the Minister also commit to mitigating the impacts of increased processing times, in particular by ensuring that there will be no further delays due to requests for documents to update files that were already complete when the application was filed by the immigration candidate?
- Will the Minister commit to ensuring more flexible and human processing of immigration applications, in particular by allowing immigration candidates to provide the missing or lost documents to the MIFI by email, as recommended by the Ombudsperson in her 2019–2020 report?
- Will the Minister commit to ensuring flexible processing for the payment of required fees, so that this is no longer a reason for returning an entire application?
- What concrete action will the Minister take to address the findings outlined in the Québec Ombudsperson's 2019–2020 annual report, which are that the Department clearly displays administrative rigidity regarding its rules, a lack of openness regarding the candidates' version, and very little empathy regarding the individual and family issues at stake?
- With the prospect of an extended health emergency and in relation to the government's 2019–2023 digital transformation strategy, will the Minister also commit to modernizing the method for receiving PEQ applications by developing an online platform to reduce the processing times and mailing fees resulting from these back-and-forths?

(187) Ms. Montpetit (Maurice-Richard) – **1 December 2020**
To the Minister of Health and Social Services

With regard to the directive issued by the Ministère de la Santé et des Services sociaux that paramedics not resuscitate people in cardiac arrest:

When did the Minister become aware of the directive?

On what legal basis was the directive issued?

Why was the directive maintained beyond what was necessary, that is, until 21 September 2020?

Why was this directive, unlike the 260 other directives issued last spring, never published on a government website?

Was the directive reassessed between 4 April and 21 September, by who, and how many times?
