WRITTEN QUESTIONS

*Questions already placed on the Order Paper
are published each Wednesday*

(211) Ms. Ghazal (Mercier) – **16 March 2021**
To the Minister of Transport

Since Mr. Réjean Bacon's hunger strike in January 2019, road accident victims and the Association pour les droits des accidentés that represents them have been waiting for changes to the Automobile Insurance Act. This reform, desired and announced by the Minister of Transport and the Société de l'assurance automobile du Québec (SAAQ), was to address the alarming issue of compensation being reduced starting at age 65 and completely terminated at age 68. Those receiving compensation do not contribute to the Régie des rentes du Québec and are unjustly penalized when they retire. This injustice is also perpetuated because, according to the Institut de la statistique du Québec, life expectancy increased by 7.2 years for women and 11.3 years for men between 1977 and 2020.

In a written answer on 18 December 2019, the Minister of Transport expressed his concern and mentioned that he was waiting for solutions from the SAAQ. Since then, my office has been regularly following up on this matter with the office of the Ministère des Transports to see if there has been any progress.

Given the slowness of the process, I would like to ask the Minister of Transport the following questions:

1. On behalf of the road accident victims who are hostage to the slow pace of the proposed changes, I would like to ask the Minister of Transport what he intends to do in the short term to ensure they do not continue to suffer the injustice resulting from the reduced compensation?
2. Since the creation of the Régie de l'assurance automobile du Québec in 1978, the situation of those receiving compensation has continued to deteriorate because they must live for longer and longer periods of time with unjustly reduced income. Given the urgency of their situation and the extent of their needs, when does the Minister intend to introduce his bill?

(212) Mr. LeBel (Rimouski) – **16 March 2021**

To the Government

People living in poverty in the regions and the organizations that stand up for them are complaining that they no longer have access to denturist services.

The Québec government is mainly responsible for this problem, according to the Association des denturologistes, which specializes in the manufacture, installation and adjustment of dentures.

Let us recall that being deprived of these services can cause health problems for the people affected or exacerbate problems they already have.

I don't think we should blame denturists. The problem is that the Government reimburses only two-thirds of the bill for denturists, who must also deal with a huge bureaucracy and a lot of State-imposed paperwork. In many regions, this situation results in a complete refusal by denturists to provide care to some of our most vulnerable population.

Denturists are under pressure, and this has significant impacts on the health of Quebecers who are on social assistance, which is unacceptable.

My question is the following:

Is the Government aware of the situation? What will it do to remedy this situation? It is a question of health and social justice.
