WRITTEN QUESTIONS

*Questions already placed on the Order Paper

- (219) Ms. Fournier (Marie-Victorin) – **23 March 2021**
To the Minister of Finance

On 13 June 2018, Bill 141, An Act mainly to improve the regulation of the financial sector, the protection of deposits of money and the operation of financial institutions, was passed and assented to. It brought about changes to legislation governing in particular commercial leasing brokerage.

One of the amendments that was introduced led to a certain loosening of the commercial real estate brokerage industry since the requirement to obtain a licence issued by the real estate self-regulatory organization known as the Organisme d'autoréglementation du courtage immobilier du Québec (OICAQ) to practise certain brokerage activities was withdrawn. The requirement to obtain a broker's licence is now linked to the aspect of professional representation rather than that of practice, which is paradoxical. Only individuals holding the title of broker and operating under this designation are required to have a broker's licence. This situation allows any player to enter the market without the need for a licence, despite the fact that transactions are often complex and delicate, and the legal obligations place all of the burden and risk on the tenants. In the past, the issuance of a licence at least ensured that industry players had the skills necessary to operate while ensuring the protection of the public.

The OACIQ interprets this legislative amendment as follows with respect to its practical application: "Licence holders performing leasing brokerage transactions are subject to the obligations of the REBA even when carrying out a leasing transaction. Other companies or individuals who do not hold a licence may now carry out leasing brokerage transactions, but cannot use a title leading others to believe that they are real estate brokers." The organization also received these changes with caution.

Taking into consideration these facts, it is important to enhance the norms and standards governing the practice of commercial leasing brokerage for the purpose of protecting the public. Therefore:

- Will the Minister of Finance commit to intervene by decree or regulation to rectify the situation by demanding that from now on a broker's licence issued by the OACIQ be required to practice commercial leasing brokerage?

(220) Mr. LeBel (Rimouski) – **23 March 2021**
To the Premier

In a letter dated September 2019, the Premier confirmed to me his desire to include the Autoroute 20 project between Notre-Dame-des-Neiges and Rimouski in the Québec Infrastructure Plan (PQI) once again. Anticipation for this project is high and the populations concerned would like to see the proposed routes and learn the project's impact in that area. But to do this, the project must first be reintegrated into the PQI.

In the same context, a public announcement was made in relation to this matter and reported on by several media outlets in the Bas-Saint-Laurent region. In a Radio-Canada interview on September 13, the Premier stated that Autoroute 20 was indeed an electoral campaign commitment and that, as he had repeated for a year, they would keep all their electoral promises. The Premier added that it was the Liberal party that removed the Autoroute 20 project from the PQI, but that his party was going to reintegrate it into the PQI.

In the meantime, we have experienced the COVID-19 pandemic and the Québec government will have to position itself to put in place projects to help revive the economy of Québec and all its administrative regions.

Issues related to the environment and landscape protection are important and will necessitate that the planning of consultations and work begin sooner rather than later.

My question is the following:

- With the tabling of the budget just around the corner, can the citizens of the Bas-Saint-Laurent region count on the Premier to fulfil his election promise and will his Government finally reintegrate the Autoroute 20 project between Notre-Dame-des-Neiges and Rimouski into the PQI plan to help revive the economy in Eastern Québec?
