Business Standing in the Name of Members in Opposition

Mr. Leitão (Robert-Baldwin) moved:

THAT the National Assembly recognize the past, present and future economic importance of forests, in all their forms, for Québec's economic, social and environmental development and that many regions are still dependent on forestry activity, whether it be industrial, tourism or recreational;

THAT it acknowledge the revelations by the Radio-Canada show *Enquête*, in particular as regards the lack of follow-up by the Ministère des Forêts, de la Faune et des Parcs to verify businesses' compliance in the field, and the department's lack of flexibility as regards forest capacity, in particular to protect territories where there is a consensus in the field;

THAT it recognize that neither ecologists, manufacturers, municipalities nor land owners are satisfied with the current management of the Ministère des Forêts, de la Faune et des Parcs and that the status quo is no longer tenable;

THAT it recall that despite the Premier's 2018 general election promises, which were repeated in summer 2020, the Minister of Forests, Wildlife and Parks has not delivered a new forestry regime, but instead a few minor adjustments that ensure neither greater predictability nor a leading position for the economic recovery Québec needs;

THAT it demand that the CAQ government implement a global vision to optimize the contribution of Québec's forests to the economic recovery effort by ensuring efficient and sustainable forest management;

THAT, lastly, it demand that the CAQ government take robust and ambitious action, in particular by significantly increasing the amounts allocated to forestry work in its next budget.

24 March 2021

Ms. Soucy, Second Vice-President, informed the Assembly of the allocation of speaking time for the proceedings with respect to this limited debate: 10 minutes to the mover of the motion for his reply; 52 minutes to the parliamentary group forming the Government; 31 minutes 39 seconds to the parliamentary group forming the Official Opposition; 11 minutes 18 seconds to the Second Opposition Group; 9 minutes 3 seconds to the Third Opposition Group; and 1 minute 30 seconds to each independent Member. However, if only one independent Member takes part in the debate, that Member's speaking time is 2 minutes. Within this framework, any time not used by the independent Members or by a parliamentary group shall be redistributed among the parliamentary groups in the proportions established above. Lastly, individual addresses shall not be limited.

A debate arose thereon.

At the end of her address, Ms. Lessard-Therrien (Rouyn-Noranda-Témiscamingue) moved:

THAT the motion moved by the Member for Robert-Baldwin be amended by replacing "a leading position for the economic recovery Québec needs" at the end of the fourth paragraph by "better protection of land and threatened or vulnerable wildlife species".

The motion, as amended, would read as follows:

THAT the National Assembly recognize the past, present and future economic importance of forests, in all their forms, for Québec's economic, social and environmental development and that many regions are still dependent on forestry activity, whether it be industrial, tourism or recreational;

THAT it acknowledge the revelations by the Radio-Canada show *Enquête*, in particular as regards the lack of follow-up by the Ministère des Forêts, de la Faune et des Parcs to verify businesses' compliance in the field, and the department's lack of flexibility as regards forest capacity, in particular to protect territories where there is a consensus in the field;

24 March 2021

THAT it recognize that neither ecologists, manufacturers, municipalities nor land owners are satisfied with the current management of the Ministère des Forêts, de la Faune et des Parcs and that the status quo is no longer tenable;

THAT it recall that despite the Premier's 2018 general election promises, which were repeated in summer 2020, the Minister of Forests, Wildlife and Parks has not delivered a new forestry regime, but instead a few minor adjustments that ensure neither greater predictability nor better protection of land and threatened or vulnerable wildlife species;

THAT it demand that the CAQ government implement a global vision to optimize the contribution of Québec's forests to the economic recovery effort by ensuring efficient and sustainable forest management;

THAT, lastly, it demand that the CAQ government take robust and ambitious action, in particular by significantly increasing the amounts allocated to forestry work in its next budget.

Ms. Lessard-Therrien (Rouyn-Noranda–Témiscamingue) then proposed a second amendment:

THAT the motion moved by the Member for Robert-Baldwin be amended by replacing “significantly increasing” in the sixth paragraph by “reviewing”.

The motion, as amended, would read as follows:

THAT the National Assembly recognize the past, present and future economic importance of forests, in all their forms, for Québec's economic, social and environmental development and that many regions are still dependent on forestry activity, whether it be industrial, tourism or recreational;

24 March 2021

THAT it acknowledge the revelations by the Radio-Canada show *Enquête*, in particular as regards the lack of follow-up by the Ministère des Forêts, de la Faune et des Parcs to verify businesses' compliance in the field, and the department's lack of flexibility as regards forest capacity, in particular to protect territories where there is a consensus in the field;

THAT it demand that the CAQ government implement a global vision to optimize the contribution of Québec's forests to the economic recovery effort by ensuring efficient and sustainable forest management;

THAT, lastly, it demand that the CAQ government take robust and ambitious action, in particular by reviewing the amounts allocated to forestry work in its next budget.

Lastly, Ms. Lessard-Therrien (Rouyn-Noranda–Témiscamingue) proposed a third amendment:

THAT the motion moved by the Member for Robert-Baldwin be amended by striking out “, lastly,” in the sixth paragraph and by adding the following paragraph after the sixth paragraph: “THAT, lastly, it demand that the Government launch a public inquiry commission in order to shed light on the management of the department and Québec forests.”

24 March 2021

The motion, as amended, would read as follows:

THAT the National Assembly recognize the past, present and future economic importance of forests, in all their forms, for Québec's economic, social and environmental development and that many regions are still dependent on forestry activity, whether it be industrial, tourism or recreational;

THAT it acknowledge the revelations by the Radio-Canada show *Enquête*, in particular as regards the lack of follow-up by the Ministère des Forêts, de la Faune et des Parcs to verify businesses' compliance in the field, and the department's lack of flexibility as regards forest capacity, in particular to protect territories where there is a consensus in the field;
