By sending the form, you consent that the personal information you have provided may be shared with the authorized persons and used for the purposes mentioned below.

The personal information you provide to us is collected so that MNAs and their collaborators can support their reflection.

This information is shared only with these individuals and is used for this purpose only. It is kept securely and in a manner that ensures its confidentiality. The information is archived permanently, as it is collected in the course of parliamentary proceedings.

It should be noted that the personal information collected may be shared without your consent in certain cases provided for by law, in particular for the purpose of preventing, detecting or repressing a crime or an offence or for the purpose of preventing an act of violence. This is the case, specifically, for comments that are defamatory, abusive or obscene, or that incite hatred or violence.

Suggestions for changes to the bill

You can comment on the details of the bill or suggest changes (amendments).

Examples: aspects you agree with; aspects you disagree with; what changes you would like to see made to the bill; other elements to consider.

Experience

You can share your personal experience related to the subject of the bill.

Other comments

You can use this section to provide any other comments on the subject of study.
