THAT it recall that the Auditor General of Québec, in a performance audit released in December 2022, reported that the reliability of Hydro-Québec's distribution service has deteriorated in recent years;

THAT it declare that it is necessary for the Québec government to continue to invest in order to ensure greater resilience of Hydro-Québec's distribution network, notably in terms of vegetation control near power lines and by considering power line undergrounding in a more sustained manner;

THAT the National Assembly ask the Québec government, in collaboration with Hydro-Québec, to review the reconnection priority protocol to correct the problems experienced during the recent ice storm, as CHSLDs and seniors' homes were not prioritized adequately;
