Motion moved by the Member for Mme Rizqy (Saint-Laurent) under Standing Order 97:

THAT the National Assembly acknowledge that the proposed changes to the tuition fees for out-of-province Canadian students will decrease the economic benefits generated by their presence in Québec, hinder the development of certain Québec universities and promote the development of universities elsewhere in Canada, notably in Toronto;

THAT it note that no impact study supports this decision and that it is risky to claim, as the Government does, that this measure will help recover additional sums to fund the university network;

THAT, lastly, it ask the CAQ government to reconsider this measure.

Part 5

**WRITTEN QUESTIONS**

*Questions already placed on the Order Paper  
are published each Wednesday*

- (66) Ms. Nichols (Vaudreuil) – **2 November 2023**  
To the Minister Responsible for the Montérégie Region

On 26 September 2023, the Government announced the creation of an expert committee whose mandate is to make recommendations for Québec to adapt to climate change. Mr. Alain Bourque, vice-chair of the committee, stated during an interview with Paul Arcand that the Government has the ability and the responsibility to fight climate change on multiple fronts at the same time, which include heat islands and the measures to prevent them.

A major project is currently underway in the Vaudreuil riding. The new Vaudreuil-Soulanges hospital is ranked among the 20 largest construction projects in North America. Although the parking lot for the new hospital was originally planned to be multi-level, the newest plans instead provide for a surface parking lot. This decision was taken unilaterally and solely based on financial considerations as a means to avoid a 3% increase in total project costs.

Furthermore, the surface parking lot with 1,869 spaces, which is equivalent to 5.7 hectares of multi-level parking, will be located in an agricultural area.

This project has been criticized by both the population and the elected officials of the Vaudreuil-Soulanges region. There is currently a petition on the National Assembly website on this issue. As Member for Vaudreuil, my riding office regularly receives complaints from the organizations and business people of the region, including those in the Soulanges riding.

I have questioned the Minister of Health on this matter several times, but neither the Member for Soulanges nor the Minister Responsible for the Montérégie Region has commented on the issue.

Accordingly, and to answer the many questions raised by citizens, can the Minister Responsible for the Montérégie Region tell us how we should respond to the complaints made by Soulanges constituents with regard to the new Vaudreuil-Soulanges hospital's surface parking lot located on farmland?

In addition, can the Minister Responsible for the Montérégie Region raise this issue with her colleague, the Minister of Health, in the name of not only the business community of the Vaudreuil riding, but also of the Soulanges riding?

(67) Ms. Massé (Sainte-Marie–Saint-Jacques) – **2 November 2023**

To the Minister of Health

During the previous reform of the health care system, Mr. Barrette abolished the universal parking stickers that gave in-home caregivers access to all parking spaces.

Since then, in-home support teams end up wasting a lot of time parking their vehicles before being able to provide care to their patients. Some even receive fines because they are sometimes forced to park in prohibited areas. Think of an assistant who must give an insulin shot and cannot afford to drive in circles for 40 minutes. Furthermore, if a fine is issued, the assistant ends up having to pay it out of their own pocket. In a society that advocates for home support, the current situation is untenable.

My question to the Minister of Health is the following:

Does the Minister commit to reinstating the universal parking sticker measure to facilitate the organization and efficiency of care provided by in-home support teams?
