Part 5

**WRITTEN QUESTIONS**

*Questions already placed on the Order Paper  
are published each Wednesday*

- (99) Mr. St-Pierre Plamondon (Camille-Laurin) – **20 February 2024**  
To the Minister of Transport and Sustainable Mobility

The Camille-Laurin riding is a major entry point on Montréal Island. The current work on the Louis-Hippolyte-La Fontaine bridge-tunnel has a significant impact on the daily lives of our fellow citizens, in several areas.

In a letter sent on 6 April 2023, which received no reply, I asked the Minister about the lack of studies justifying the Ministère's decision to implement a one-way street on Honoré-Beaugrand at the Souigny and Dubuisson corners. This layout leads to many misunderstandings and frustration among the neighbourhood's residents.

The situation is all the more problematic since the closure of the ramp between Souigny and Autoroute 25 brings a considerable number of vehicles onto local streets. On this issue as well, there is no justification to explain the section being closed until 2025.

However, as I have already spoken with the Minister on several occasions, traffic congestion is also a problem on Rue Notre-Dame. Despite citizen mobilization and complaints repeated over decades, no mitigation measures are in place to reduce the nuisances related to trucking on this artery leading to the Port of Montréal.

Lastly, in general, the lack of communication from the Ministère on all these issues leads to the frustration of citizens, which is felt not only in our riding office, but also on a recurring basis at the Mercier-Hochelaga-Maisonneuve borough council.

My questions are the following:

- Can the Minister of Transport and Sustainable Mobility consider carrying out a traffic study to respond to the population's incomprehension of several decisions mentioned in that letter?

- Can the Minister of Transport and Sustainable Mobility organize an information session where citizens can ask their questions relating to traffic issues in the neighbourhood?
