Part 5

WRITTEN QUESTIONS

*Questions already placed on the Order Paper
are published each Wednesday*

(161) Ms. Nichols (Vaudreuil) – **24 September 2024**

To the Minister of Transport and Sustainable Mobility

It is well known that traffic management in the greater Vaudreuil-Soulanges region poses a sizeable challenge, given that the current government removed the Île-aux-Tourtes bridge reconstruction project from the Québec Economic Plan tabled in March 2018.

To further complicate traffic management, the Government still refuses to proceed with the completion of Autoroute 20 from Vaudreuil-Dorion to L'Île-Perrot. As such, Autoroute 20, which barely qualifies as one, is becoming an urban boulevard with traffic lights.

Faced with unmanageable traffic, drivers use the residential road network to try and avoid the constant jams on the main road. This puts the safety of the children in these residential neighbourhoods at risk. Parents and elected municipal officials are worried, and I am as well.

I regularly receive messages from the mayors of the Vaudreuil riding complaining about poor traffic management. Then, I am forced to communicate with the Minister's office to tell them about an incident or an accident or to inform them of the lack of police officers to control traffic, or that the traffic lights are not synchronized, that they are defective or simply not working.

I am glad I can count on the excellent collaboration of the staff at the Minister's office. However, I wonder why mayors have to go through me to get the attention of the department or the police regarding incidents that disrupt traffic.

Therefore, can the Minister tell us if there is a protocol that enables elected officials to report incidents as quickly as possible and directly to the relevant responders? If so, we invite the Minister to share the guidelines established by her department with all stakeholders in this field, in particular elected municipal officials, following such reports.

Moreover, can the Minister share with all stakeholders the contingency plan outlining the measures implemented by the Ministère des Transports et de la Mobilité durable in the event of complete closure of the bridge and the parallel roads? In fact, what concrete measures are being systematically taken by the department and the organizations involved to ensure free-flowing traffic on Autoroute 20, among others, when the Île-aux-Tourtes bridge is completely closed? Also, how often are the traffic lights synchronized and, in the event of a malfunction, how long would the department take to resolve the problem?

(162) Ms. McGraw (Notre-Dame-de-Grâce) – **24 September 2024**

To the Minister Responsible for Social Solidarity and Community Action

The Ministère de l'Emploi et de la Solidarité sociale allocated funding to the mission of the Accorderie de Shawinigan and the Accorderie de l'Estrie-Ouest within the framework of the 2022–2027 government action plan on community action.

However, the Accorderie de Sherbrooke has no stable source of funding, which would ensure a certain level of financial predictability.

Can the Minister explain why the Accorderie de Sherbrooke does not receive stable funding like the Accorderie de Shawinigan and the Accorderie de l'Estrie-Ouest?

(163) Ms. Garceau (Robert-Baldwin) – **24 September 2024**

To the Minister Responsible for the Status of Women

In the spring of 2023, the Minister Responsible for the Status of Women established an interdepartmental committee on access to abortion in order to propose concrete measures to the Government to ensure equal access to abortion services across the different regions of Québec.

Can the Minister Responsible for the Status of Women inform us on the progress of the committee's work and the scheduled date for the tabling of its report and recommendations?

(164) Ms. Garceau (Robert-Baldwin) – **24 September 2024**
To the Minister of Culture and Communications

On 4 March 2024, the Government announced the end of the Espaces bleus project, after three years of delays and rising costs. At a press conference, the Minister said that the remaining funds earmarked for this project would be reallocated to other cultural projects.

However, on 7 August 2024, the Government authorized funding of up to \$7 million for the Musée de la civilisation to ensure the maintenance of the four Espaces bleus owned by the Government.

Can the Minister of Culture and Communications tell us the source of the \$7 million and whether he intends to allocate other similar sums in the coming year? Can he also tell us how much is left from the initial budget for the Espaces bleus project?

(165) Ms. Prass (D'Arcy-McGee) – **24 September 2024**
To the Minister Responsible for Social Services

In his announcement in Dolbeau-Mistassini on 6 August 2024, the Minister mentioned a permanent housing project with a “high threshold of acceptability” in Ville de Dolbeau-Mistassini.

Can the Minister specify what is meant by the expression “high threshold of acceptability”? In addition, how is this threshold assessed by the Minister, and what specific criteria are used to define the threshold?

Have any public consultations been held?
