- (313) M. Arseneau (Îles-de-la-Madeleine) – **30 May 2025**
To the Minister Responsible for Social Services

The right to a service dog is now recognized in Québec, in particular for crime victims and people with disabilities.

Crime victims can be reimbursed for the costs of acquiring and training these dogs.

However, due to the lack of a formal certification process for service dogs, and the lack of qualified dog schools and trainers, there are many opportunities for abuse by people with bad intentions, which sometimes leaves victims alone with a dog that is poorly trained and unable to fulfill the support mission that it was acquired for.

However, in June 2024, the Government produced a report entitled “Reconnaître les chiens d’assistance au Québec : Recommandations déposées au ministre responsable des Services sociaux” (Recognizing service dogs in Québec: Recommendations submitted to the Minister Responsible for Social Services).

The report identified many issues relating to service dogs, in particular the quality of the training and the proliferation of training schools with no guarantee of the quality or the qualifications of trainers, which can compromise the safety of disabled people and the public, and can also lead to fraud and usurpation of the title of service dog.

The report therefore contains the following recommendations:

- Develop a Québec standard for service dogs and a compliance assessment program;
- Enact legislation specific to service dogs (if no enabling Acts can be amended) and provide for a regulation respecting the application.

In its conclusions, the report states that the status quo is clearly undesirable, but there has been no follow-up on the recommendations.

My questions are the following:

- Does the Minister recognize that the safety of people with disabilities and the public is compromised by the proliferation of training schools with no oversight of the quality and qualification of service dogs?
- Does the Minister recognize the risks of fraud and abuse related to service dogs, in particular with government compensation programs, such as the program to provide financial assistance for crime victims, which reimburses service dog acquisition costs, even though there are not any recognized Québec standards or qualifications?
- Will the Minister responsible for Social Services be developing or presenting a new Québec standard for service dogs, and a program to assess the conformity of dog training schools and, if so, what is the timeframe?
