(56) Mr. Chassin (Saint-Jérôme) – **28 October 2025**
To the Minister of Health

Within the framework of Bill 106, An Act mainly to establish the collective responsibility and the accountability of physicians with respect to improvement of access to medical services, several assessments were carried out at the request of or within the Ministère de la Santé et des Services sociaux (MSSS). An article written by Tommy Chouinard concerns one such document. According to the article, the assessment document was prepared by a handful of physicians who are leaders in the network and Dr. Emmanuelle Britton, who served as an advisor for the MSSS administration on medical workforce management, primary care access, and access to specialized medical services. The document in question underlined inconsistencies and blind spots, as well as the inability to implement Bill 106. According to Dr. Britton, the document was presented during an in-house MSSS meeting with the current Deputy Minister, Mr. Daniel Paré, and his team.

My questions are the following:

- Was the Minister made aware of the existence of this unfavourable opinion?
- Does he know which document is being referred to?
- Can he provide the document to parliamentarians, or make it public and inform us?
