## **EXPLANATORY NOTES**

*This bill amends mainly the Election Act to establish a new mixed electoral system with regional compensation.*

*The bill states that the territory of Québec is divided into 80 electoral divisions and 17 electoral regions and increases to 129 the number of seats in the National Assembly. Under the new system, there are two types of seats: 80 division seats and 49 regional seats. The name and delimitation of the electoral regions, which correspond to those of the administrative regions, are determined by the Election Act.*

*Under the bill, the division seats and regional seats are apportioned among the electoral regions. Each region is granted a minimum of two regional seats and one division seat, except the Gaspésie-Îles-de-la-Madeleine region, which is granted one additional division seat, and the Côte-Nord and Nord-du-Québec regions, which are respectively guaranteed only one regional seat and one division seat. The other seats are apportioned among the regions on the basis of the number of electors domiciled in each region.*

*After the seats have been apportioned, the Commission de la représentation électorale will delimit the electoral divisions and assign them a name, according to the procedure set out in the Election Act. However, the electoral divisions of Îles-de-la-Madeleine and Ungava are established and delimited by the Election Act.*

*The bill allows an independent candidate or a candidate of an authorized party to seek nomination for a division seat or for a regional seat. In the case of a party candidate, nomination for a regional seat will be through a regional list of candidates drawn up by the party. The rules governing nomination and the replacement and withdrawal of candidates are amended accordingly. Lastly, a person is allowed to seek nomination for a division seat and a regional seat simultaneously.*

*Electors are entitled to cast two votes on new ballot papers, the first for a candidate for a division seat and the second for an independent candidate for a regional seat or for a party's regional list of candidates. To take into account those distinctions, the bill amends, in particular, the rules governing authorizations, posters*

*and billboards, the sending of various documents such as electoral lists, the exercise of the right to vote, the counting and addition of votes, judicial recounts, and the contestation of elections. The Election Act is amended as well to ensure that electors are properly informed regarding the operation of the proposed electoral system.*

*The 80 division seats will be allocated by a majority vote and the 49 regional seats will be allocated on the basis of the number of votes obtained on the regional level, with compensation rules being applied to the parties' regional lists with regard to the number of seats allocated to each party. To take part in the allocation of regional seats, an authorized party is required to obtain, throughout Québec, at least 4% of the valid votes cast in favour of all the party's regional lists of candidates.*

*Rules are prescribed for a regional seat that becomes vacant. If the seat was held by a party, it is filled by a candidate from the same regional list as the outgoing Member or, in an exceptional case where the list is exhausted, by an elector designated by the party. If the seat was held by an independent candidate, it is allocated to the independent candidate or the political party who or that, after the seat allocation rules are applied, is the next in line to obtain a seat.*

*Regarding political financing, the bill adjusts the rules governing public financing, with the goal of maintaining the overall budget already dedicated to public financing.*

*As regards election expenses, the bill specifies, in particular, that the official agent of an authorized party is the official agent of that party's candidates for a regional seat. The official agent may authorize election expenses in favour or on behalf of one or more of those candidates. Independent candidates for a regional seat are required to file a return of expenses and may be entitled to advances and the reimbursement of election expenses. An adjustment of election expense limits is also proposed to maintain the same overall expense ceiling for the whole of Québec as is currently applicable.*

*The bill also contains measures to ensure parity between women and men in the National Assembly. For that purpose, every authorized party must, on the regional lists it sends to the Chief Electoral Officer, alternate between women and men candidates, beginning with a woman candidate in at least 50% of cases. In addition, in a general election, in the case of nominations recognized by an authorized party for a division seat, the candidate must be a woman in 40% to 60% of cases.*

*Lastly, the bill contains various final, transitional and consequential provisions.*

## **Bill 199**

### **AN ACT TO ESTABLISH A NEW ELECTORAL SYSTEM**

AS the people of Québec have a deep attachment to democratic principles of government;

AS the electoral system must more faithfully reflect the plurality and relative weight of the political opinions and ideas existing in society;

AS the electoral system must aim to achieve effective representation of electors and offer equal participation for all in the electoral process;

AS it is necessary to maintain meaningful ties between electors and the Members representing them;

AS the demographic, geographic and sociological characteristics of each of Québec's regions should be taken into account and all regions should be ensured adequate electoral representation;

AS the administrative regions correspond to a strong social and geographical reality, and as they are places of belonging and citizenship deeply rooted in Québec's political culture;

AS more should be done to foster the presence among Members of the National Assembly of, in particular, women, young people and persons from diverse backgrounds;

AS the political parties must attain the parity zone by having women make up between 40% and 60% of their candidates in general elections;

AS the people of Québec expect the electoral system to enable government stability to be maintained;

AS the mixed electoral system with regional compensation introduced by this Act makes it possible to better reconcile those various objectives;

“**247.1.** In a general election, an authorized party may, for each region, draw up a regional list of candidates for the seats in the region. The list must be filed with the Chief Electoral Officer within the time prescribed in section 237.

The list may contain a number of names that is equal to or less than the total number of regional seats to be filled for the region. The persons seeking nomination as candidates are to be listed in the order set by the party for the allocation of seats, subject to section 259.0.4.

“**247.2.** The list may be accompanied by a logo of the party that complies with the standards prescribed by the Chief Electoral Officer.

A party may use only one logo for all its regional lists of candidates.

**“247.3.** The officer of each authorized party designated in writing by the party’s leader for that purpose may, for a region, designate one or more persons to act as mandataries on behalf of all the persons seeking nomination as candidates for regional seats, for the party. The names and signatures of the mandataries, if any, must appear on the regional list.

**“247.4.** Every regional list must include, for each person seeking nomination as a candidate,

(1) the person’s given name and surname, which must comply with section 240, and domiciliary address, date of birth and occupation;

(2) confirmation that the authorized party’s leader recognizes the person as a candidate for the party for a seat in the region concerned; and

(3) confirmation that the person accepts such recognition.

In addition, the list must be accompanied, for each such person, by

(1) an identification paper referred to in subparagraph 1 of the first paragraph of section 241; and

(2) a photograph that complies with the standards prescribed by regulation.

**“247.5.** The regional list must bear the signatures and domiciliary addresses of at least 100 electors entered on a list of electors of the region concerned. There must be at least one of those electors domiciled in each electoral division comprised in the region.

The second paragraph of section 242 and sections 243 and 244 apply, with the necessary modifications, to the collection of those signatures.

**“247.6.** On the filing of a regional list, the Chief Electoral Officer shall withdraw from the list, if applicable, the name of any person seeking nomination as a candidate in excess of the number of nominations allowed, starting with the last one.

Subsequently, the Chief Electoral Officer shall verify whether the list appears to meet the requirements of this subdivision and whether all the required documents are attached to it. If such is the case, the Chief Electoral Officer shall issue a receipt confirming that the verifications have been made, specifying for each person seeking nomination as a candidate whether the nomination appears to be compliant or not. The receipt must indicate the day and time on which the list was received. The Chief Electoral Officer shall then verify whether the names of the persons seeking nomination as candidates appear on the list of electors and whether the requirements of the first paragraph of section 247.5 are met.

Following such verifications, the Chief Electoral Officer shall decide whether the regional list is compliant and send the authorized party a notice that includes one of the three following indications:

- (1) the indication “compliant” if every person’s nomination is compliant;
- (2) the indication “partly compliant” if some persons’ nominations are not compliant; or
- (3) the indication “non-compliant” if no person’s nomination is compliant, if the list was filed past the deadline, if it does not bear the name or signature of the persons designated, as the case may be, to act as mandataries, or if the list does not meet one of the requirements of the first paragraph of section 247.5.

The notice referred to in subparagraph 2 of the third paragraph must mention which nominations are compliant, and the non-compliant nominations are withdrawn from the list. The order of the remaining nominations is adjusted accordingly. The notice referred to in subparagraph 3 of that paragraph must mention the grounds on which the list is considered non-compliant.

The notice constitutes proof of the nominations it indicates as being compliant.

**“247.7.** Section 246 applies, with the necessary modifications, to a regional list of candidates and to the accompanying documents, but they must be examined at the Chief Electoral Officer’s office or at any other place determined by the latter.

*“§3. — Independent candidate for a regional seat*

**“247.8.** In a general election, a person wishing to be an independent candidate for a regional seat shall file a nomination paper with the Chief Electoral Officer within the time prescribed in section 237. The person may designate one or more persons to act in his name as mandataries.

The nomination paper must be made in accordance with the terms and conditions prescribed by regulation and be signed by the person wishing to be a candidate. The person shall indicate his given name and surname, which must comply with section 240, and his domiciliary address, date of birth and occupation. In addition, the nomination paper must bear the name and signature of his official agent and, if the person decides to appoint one or more mandataries, the name and signature of his mandatory or mandataries.

**“370.2.** Once the division and regional ballot papers have been counted, the deputy returning officer seals the various envelopes in which the ballot papers were placed and places them in the ballot box, along with the poll book and the list of electors. The ballot box must also be sealed.

**“§1. —***Division seats*

**“377.** If no application for a judicial recount of votes is filed within the time prescribed, the returning officer shall declare elected the candidate for the division seat who received the greatest number of votes. The returning officer shall send a copy of the declaration to each candidate for that seat.

The returning officer shall, without delay, send the declaration of election and the result of the addition of division votes to the Chief Electoral Officer.

**“378.** The returning officer shall then send the Chief Electoral Officer a complete report on the election proceedings.

The returning officer shall also send the Chief Electoral Officer all the division and regional ballot papers, the statements of votes for those ballot papers, the lists of electors and the poll books.

*“§2.—Regional seats*

**“Allocation of regional seats**

**“379.** Once the Chief Electoral Officer has received, for a region, all the results of the addition of votes and all the declarations of election for division seats, and if no application for a judicial recount concerning all or part of the counting of ballot papers for the region was filed within the time prescribed, he shall allocate the seats.

A candidate declared elected for a division seat is not eligible for a regional seat. The candidate is withdrawn from the list of options for the allocation of regional seats.

Despite the first paragraph, the Chief Electoral Officer must, if an election is postponed due to the death of a candidate for a division seat or if a new election is held due to a tie-vote for a division seat, allocate a region’s seats up to the number of seats whose allocation will remain unchanged regardless of the result of the election to be held, in those cases, in an electoral division.

**“379.1.** The Chief Electoral Officer shall allocate the first regional seat to the independent candidate for a regional seat or the authorized party who or that obtains the highest quotient when the number referred to in subparagraph 1 is divided by the number referred to in subparagraph 2:

(1) in the case of an independent candidate, the total number of votes in the candidate’s favour or, in the case of a party, the total number of votes in favour of the party’s regional list; and

(2) in the case of an independent candidate, the number 1 or, in the case of a party, the result obtained by adding the number 1 to the number of candidates of the party elected as division Members for that region.

The calculation is repeated for the allocation of each subsequent seat. However, each time a seat is allocated to a party, the number 1 is added to the divisor mentioned in subparagraph 2 of the first paragraph, for the purposes of the subsequent calculation applicable to that party. The Chief Electoral Officer shall allocate each subsequent seat, up to the total number of regional seats to be allocated for the region, to the independent candidate or to the party who or that obtains, in a given allocation, the highest quotient.

**“379.2.** To participate in the allocation of regional seats, an authorized party must have obtained, across Québec, at least 4% of the valid votes cast in favour of all its regional lists of candidates.

**“379.3.** The regional seats allocated to an authorized party are successively awarded to the candidates whose names appear on the party’s regional list of candidates, in the order in which they appear.

When a party’s regional list of candidates is exhausted, the quotients obtained by the party are no longer considered for the purpose of allocating the seats in the region concerned.

**“379.4.** If the quotient for allocating the seats in a region is the same for two or more options and the number of seats available does not allow a seat to be allocated to each of the independent candidates and authorized parties whose quotients are tied, the Chief Electoral Officer shall apply for a judicial recount in accordance with Division V of this chapter.

**“379.5.** The results of a by-election in an electoral division do not affect the allocation of regional seats carried out following a general election.

#### **“Declaration of election**

**“379.6.** Once the seats in a region have been allocated, the Chief Electoral Officer shall make the resulting declarations of election.

He shall send a copy of those declarations of election to each independent candidate for a seat in the region and to each authorized party that has presented candidates in the region.

*“§3.— Publication of results, detailed report of the election and retention of documents*

**“380.** After sending the list of the candidates declared elected to the Secretary General of the National Assembly, the Chief Electoral Officer shall, as soon as possible, publish a notice in the *Gazette officielle du Québec*, stating the surnames and given names of the elected candidates, their political affiliation or the indication “independent”, as the case may be, the name of their electoral division or region, as the case may be, and the date the Secretary General received the list.

Candidates declared elected become Members of the National Assembly as of the receipt, by the Secretary General, of the list of the candidates declared elected.

**“380.1.** The Chief Electoral Officer must, as soon as possible after the election, publish a detailed report on the election containing, among other things, the results for each polling station.

The report must also, for each region, contain all the calculations relating to the allocation of seats as well as the authorized parties' regional lists of candidates and mention the independent candidates for the regional seat.

The report must be posted on the Chief Electoral Officer's website. The Chief Electoral Officer shall immediately notify the Secretary General of the National Assembly of the posting.

**“380.2.** The Chief Electoral Officer shall keep the documents sent to him by the returning officers for one year after they are sent or, if the election is contested, for one year after the date on which the judgment on the contestation became final.”

**150.** Section 383 of the Act is amended

(2) by replacing “may apply for a judicial recount where the majority is not over one-thousandth of the votes cast.” by “may, where the majority is not over one-thousandth of the votes cast, apply for a judicial recount for that electoral division. In the case of a tie-vote in an electoral division, such an application must be made by the returning officer.

A candidate for a regional seat may apply for a judicial recount of the division votes for one or more electoral divisions comprised in the region concerned and for a judicial recount of the regional votes for the region if the quotient he obtained as an independent candidate or party candidate is at most one one-thousandth below the quotient corresponding to the last seat allocated in that region.

In the case referred to in section 379.4, such an application must be made by the Chief Electoral Officer.”

**151.** Section 384 of the Act is replaced by the following section:

**“384.** The application for a judicial recount is made to a judge of the Court of Québec.

If it solely concerns a division seat, it is filed in the judicial district in which all or part of the electoral division concerned is situated. If the application concerns a regional seat, it is filed in any judicial district in which all or part of the region concerned is situated.”

The application shall also be served on the candidate who has received the greatest number of votes in the electoral division and his official representative and, in the event of a tie between that candidate and other candidates, on those other candidates and their official

representatives” in the first paragraph by “, on the returning officers and on the candidates concerned”;

(2) by striking out the second paragraph.

**153.** Sections 387 and 388 of the Act are replaced by the following sections:

**“387.** The judge shall give at least one clear day’s notice in writing of the day, time and place of the recount. The notice must be sent to the Chief Electoral Officer and the leaders of the authorized parties concerned and the candidates concerned.

The judge shall summon any returning officer and assistant concerned by the application for a recount and order them to bring the ballot boxes and statements of votes. They must obey the summons.

If the application concerns a regional seat, the Chief Electoral Officer must bring a copy of the calculations relating to the allocation of the regional seat concerned as well as any envelope required for the purposes of the judicial recount that contains votes received in envelopes. He may designate a person to assist in the recount.

The judge may consolidate or separate two or more applications for a recount concerning one or more division or regional seats in the same region.

**“388.** On the appointed day, the judge shall examine the ballot papers and other relevant documents in the presence of the persons mentioned in section 387. The persons are entitled to examine the ballot papers and relevant documents.

The judge shall conduct the recount in the order he considers appropriate.”

**154.** Section 389 of the Act is amended by replacing “Sections 365, 366 and the last paragraph of section 370.9” by “Sections 365 and 366, paragraphs 1 and 2 of section 370.1, the last paragraph of section 370.9 and section 370.11”.

In the case of a tie in quotients for the allocation of a regional seat, the seat is allocated to the independent candidate or authorized party having obtained the greatest number of votes, provided, in the case of an independent candidate, that he is still a qualified elector or, in the case of a party, that the percentage of votes cast in favour of all its regional lists allows it to participate in the allocation of the seat. If there is a tie in the number of votes obtained, the seat is allocated by drawing lots in the manner the judge determines.”

**158.** Section 395 of the Act is amended by replacing the second and third paragraphs by the following paragraph:

“In the cases provided for in section 383, the person who applied for the recount pays no costs. In other cases, he bears the following costs:

**“457.23.** Section 380 applies, with the necessary modifications, to candidates declared elected under this chapter.

**“457.24.** The application of this chapter is interrupted if an order instituting a general election is issued, if the vacancy occurs six months or less before the scheduled date of the next general election in accordance with the second paragraph of section 129 or if the Chief Electoral Officer makes the publication provided for in section 129.1.

## **“CHAPTER II**

### **“AUTHORIZED PARTY’S SEAT**

**“457.25.** If the seat that has become vacant was allocated, in the last general election, to an authorized party, the seat is awarded to the candidate whose name appears first on that party’s regional list for the region concerned, omitting the candidate already declared elected during the current Legislature and any candidates who are no longer qualified electors.

The Chief Electoral Officer shall immediately notify the candidate concerned in writing. The candidate is declared elected if the Chief Electoral Officer receives, within 10 days following the notice, written confirmation signed by the leader of the authorized party that the candidate wishes to fill the allocated seat.

In the absence of such confirmation, the seat is allocated, on the first day following the expiry of that 10-day period, to the next candidate. That candidate is immediately notified in writing and is granted the same period of time for the Chief Electoral Officer to receive written confirmation and declare him elected. If need be, the process is repeated until the seat is allocated and a candidate of the party has been declared elected or the list has been exhausted.

If the list is exhausted, the Chief Electoral Officer shall immediately notify the party, which may then designate an elector to hold the seat, provided he is not disqualified. The elector is proclaimed elected if the Chief Electoral Officer receives, within 10 days following the notice, written confirmation signed by the leader of the authorized party that the candidate wishes to fill the allocated seat. If no written confirmation is received by the Chief Electoral Officer within that period, the seat remains vacant until the next general election.

### “CHAPTER III

#### “INDEPENDENT MEMBER’S SEAT

“**457.26.** If the seat that has become vacant was allocated, in the last general election, to an independent candidate, the seat is filled as follows:

(1) the Chief Electoral Officer shall draw up, in decreasing order, a list of the quotients calculated in the region in the last general election, omitting quotients that have already given entitlement to the allocation of a seat, quotients obtained by parties not allowed to participate in the allocation of regional seats and quotients obtained by independent candidates who are no longer qualified electors; and

(2) the Chief Electoral Officer shall immediately send a written notice to, as the case may be, the independent candidate or the leader of the authorized party having obtained the highest quotient under subparagraph 1 and

(a) in the case of a party, Chapter II applies, with the necessary modifications, for designating the person to whom the seat is awarded and for declaring that person elected; or

(b) in the case of an independent candidate, the candidate is declared elected if the Chief Electoral Officer receives, within 10 days after the candidate receives the notice, written confirmation that the candidate wishes to fill the seat.

In cases where subparagraph *b* of subparagraph 2 of the first paragraph applies, if the Chief Electoral Officer does not receive written confirmation within the period prescribed in that subparagraph, he shall successively offer the seat, as the case may be, to the other independent candidates or to the other authorized parties that presented a regional list, in decreasing order of the quotients obtained under subparagraph 1 of the first paragraph and in the manner described in subparagraph 2 of that paragraph, until a candidate has been declared elected or it has been determined that the seat will remain vacant until the next general election.

In the case of a tie in two or more quotients, the seat is allocated to the independent candidate or authorized party having obtained the greatest number of votes, provided, in the case of an independent candidate, that he is still a qualified elector or, in the case of a party, that the percentage of votes cast in favour of all its regional lists allows it to participate in the allocation of the seat. If there is a tie in the number of votes obtained, the seat is allocated by drawing lots in the manner the Chief Electoral Officer determines.

## “CHAPTER IV

### “CONTESTATION OF AN ELECTION

“**457.27.** If the election for a regional seat is the subject of a contestation at the time the seat becomes vacant, the application of the provisions of this Title is interrupted until judgment on the contestation becomes final.

If the judgment confirms the election of the candidate declared elected in the general election, the Chief Electoral Officer shall allocate the seat in accordance with this Title.

However, if the judgment annuls the election of the candidate declared elected in the general election, the seat is allocated to the person designated as elected in the judgment. If the judgment does not designate such a person, the seat remains vacant until the next general election.

“**457.28.** If an election is contested after a seat was the subject of a declaration of election following a vacancy, the declaration becomes void if the judgment declares elected a person other than the person declared elected in the last general election. In such a case, the person declared elected in the judgment is declared elected in the place and stead of the person declared elected in accordance with this Title. If the judgment does not designate the person who was elected, the seat remains vacant until the next general election.”

**184.** Section 459 of the Act is replaced by the following section:

“**459.** An election is contested by way of an application to the Court of Québec.

If the application solely concerns a division seat, it is brought in the judicial district in which all or part of the electoral division concerned is situated. If the application concerns a regional seat, it is brought in any judicial district in which all or part of the region concerned is situated.”

**185.** Section 461 of the Act is amended by replacing the second paragraph by the following paragraph:

(2) that a corrupt electoral practice was used

(a) by the representative, mandatary or official agent of an independent candidate for a seat in the region, the candidate’s election is void; or

(b) by the mandatary of one or more candidates on an authorized party’s regional list of candidates, by the official agent of such a party acting as the official agent of such candidates, or by the representative of such a party at the place where a polling station is located, the election of the candidate or candidates is void.

A candidate’s election must not be declared void under subparagraph 2 of the first paragraph if it is established that the deed is of minor gravity and could not have affected the result of the election and that the candidate took reasonable precautions. In addition, the election of one or more candidates in a region may not be declared void under subparagraph *b* of that subparagraph unless it is established that the corrupt electoral practice concerned was used in the region or that it targeted or concerned the election in the region.

**“468.2.** The fact than an election for a division seat is void does not affect the allocation of regional seats carried out following a general election nor the resulting declarations of election.

The fact than an election for a regional seat is void does not affect the allocation of the other regional seats carried out following a general election nor the resulting declarations of election.”

**189.** Section 469 of the Act is amended by inserting “for a division seat” after “that a candidate”.

**190.** Section 473 of the Act is replaced by the following section:

**205.** The Act is amended by inserting the following section after section 42:

“**42.1.** All Members have the same rights, privileges and immunities, whether they hold a division seat or a regional seat.”

**206.** Section 88 of the Act is amended by inserting “, calculated by considering the total number of votes cast in favour of all its candidates for a division seat and all its regional lists of candidates” at the end of subparagraph 2 of the first paragraph.

**207.** Section 104 of the Act is amended

(1) in subparagraph 2 of the first paragraph,

(a) by replacing “in the electoral division of each Member to receive his electors” by “, in their electoral division in the case of division Members, or in their electoral region in the case of regional Members, to receive their electors,”;

(b) by replacing “Member’s offices” by “Members’ offices”;

(2) by inserting the following paragraph after the first paragraph:

“For the purposes of subparagraph 4 of the first paragraph, the delimitation of the electoral divisions concerned is the delimitation that applied on *(insert the date preceding the date of assent to this Act)*.”

## ACT RESPECTING THE CONDITIONS OF EMPLOYMENT AND THE PENSION PLAN OF THE MEMBERS OF THE NATIONAL ASSEMBLY

**208.** Section 7 of the Act respecting the conditions of employment and the pension plan of the Members of the National Assembly (chapter C-52.1) is amended by replacing “cast, according to the official addition of the votes cast throughout Québec at the last general election” in subparagraph *b* of subparagraph 6 of the first paragraph by “, computed by considering the total number of votes cast in favour of all its candidates for a division seat and all its regional lists of candidates at the last general election, according to the official addition of the votes”.

## ACT TO ESTABLISH THE PERMANENT LIST OF ELECTORS

**209.** Section 3 of the Act to establish the permanent list of electors (chapter E-12.2) is amended by replacing “divisions” by “divisions and regions established in accordance with the Election Act (chapter E-3.3)”.

## ACT TO AMEND THE ELECTION ACT MAINLY TO PRESERVE THE INTEGRITY OF THE ELECTORAL PROCESS

**210.** Sections 77 and 78 of the Act to amend the Election Act mainly to preserve the integrity of the electoral process (2025, chapter 15) are repealed.

## TRANSITIONAL AND FINAL PROVISIONS

**211.** Unless the context indicates otherwise,

(1) in any Act or regulation, “Commission de la représentation” is replaced by “Commission de la représentation électorale”;

(2) in any other document, a reference to the Commission de la représentation is a reference to the Commission de la représentation électorale.

**212.** As of the first day of the 45th Legislature, the Commission de la représentation électorale must begin a first delimitation of the new electoral divisions based on the new electoral system established under this Act. For the purposes of the first paragraph of section 22 of the Election Act (chapter E-3.3), the preliminary report must be submitted to the President or Secretary General of the National Assembly within 12 months after that process begins.

The first list of electoral divisions and regions resulting from that process comes into force at the end of the 45th Legislature, unless its coming into force is postponed due to the application of section 32 of the Election Act, as amended by section 13. If such a postponement takes place, the provisions of the Election Act, as they read before (*insert the date of assent to this Act*), continue to apply for the purposes of the following general election.

**213.** The provisions of the Election Act (chapter E-3.3), as they read before (*insert the date of assent to this Act*), apply for the purposes of any by-election ordered before the first general election to be held using the first list of electoral divisions and regions.

**214.** From the date that is six months after the publication in the *Gazette officielle du Québec* of the first list of electoral divisions and regions, the Chief Electoral Officer may send the Government a notice indicating that the Chief Electoral Officer considers that, due to the imminence of the first general election to be held using that list, no by-election should be held until the first day of the following legislature.

The notice is published in the *Gazette officielle du Québec*. From the date of publication, the Government is not required to make any order instituting a by-election, despite section 130 of the Election Act (chapter E-3.3), as amended by section 39.

**215.** Until the first day of the legislature that follows the first general election held using the first list of electoral divisions and regions, the obligation to send the lists of electors to the Members under Chapter III.1 of Title II.1 of the Election Act (chapter E-3.3) ceases to apply.

However, Members may, in January and April of each year, and at the times referred to in section 38.3 of that Act, as amended by section 18, request the lists referred to in that section; such lists are to be drawn up on the basis of the first list of electoral divisions and regions.

**216.** If the coming into force of the first list of electoral divisions and regions results in the withdrawal of an authorization due to the application of section 70.1 of the Election Act (chapter E-3.3), as enacted by section 39, the time limit for filing the financial reports required under section 75 of that Act with the Chief Electoral Officer is, if it expires during an election period, extended for 60 days. If it expires during the period for filing a return of election expenses, the deadline is deferred for 120 days or to the 135th day after the polling date, whichever is later.

**217.** Section 82.4 of the Election Act (chapter E-3.3), as it read before (*insert the date of assent to this Act*), applies regarding any Member elected in a general election or by-election held using the first list of electoral divisions and regions, as well as regarding any independent candidate in such an election.

**218.** In the month following each of the first three general elections held under the electoral system established by this Act, a committee is to be established to conduct an analysis and assessment of the system and make recommendations.
