SECTION 0.01

Insert before section 0.1, introduced by amendment:

ACT RESPECTING THE MINISTÈRE DE LA SANTÉ ET DES SERVICES
SOCIAUX

0.01. The Act respecting the Ministère de la Santé et des Services sociaux (chapter M-19.2) is amended by inserting the following section after section 10.4:

“**10.5.** The operator of a private health facility who benefits from a program established under section 10.4 or from another support measure offered by the Minister or by Santé Québec must, in respect of any health or social services professional who practises in that facility, promote the full practice of the latter’s profession. As concerns specialized nurse practitioners in particular, the operator must also facilitate the addition of persons to the caseload of patients to whom the specialized nurse practitioners provide medical care as part of taking them in charge.

The first paragraph does not have the effect of limiting the exercise of a function conferred by law nor the exercise of a right that conditions of employment confer on the employer of a professional referred to in that paragraph.”
