ORDERS OF THE DAY

BUSINESS HAVING PRECEDENCE

- (1) Resuming the debate, adjourned in the name of the Member for Westmount–Saint-Louis on **25 March 2026**, on the motion by the Minister of Finance, – That this Assembly approve the budgetary policy of the Government,

And on the motions stating a grievance moved by:

The Member for Marguerite-Bourgeoys:

THAT the National Assembly severely censure the CAQ government for its 2026–2027 budget, which represents a definitive admission of failure to Quebecers with regard to the control of expenditure and fails to introduce a credible plan for a return to a balanced budget.

The Member for Verdun:

THAT the National Assembly censure the Government for the lack of measures in its latest budget to address the rising cost of living and the housing crisis, as well as for its refusal to access new revenues from Quebec’s millionaires and multimillionaires, which hampers our public services.

The Member for Jean-Talon:

THAT the National Assembly censure the CAQ government for tabling a transitory budget, since it is based on an economic vision rejected by the two CAQ leadership candidates aspiring to become premier, whose respective promises are not consistent with that budget;

THAT it deplore the fact that the budget, on the other hand, provides a partisan political fund of \$250 million per year, for a total of \$1.25 billion, that may be used at the discretion of the Member for Lévis or the Member for Sanguinet, depending on whom the CAQ members elect as leader.

The Member for Notre-Dame-de-Grâce:

THAT the National Assembly denounce the fact that, in a context of geopolitical tensions, commercial uncertainties and the restructuring of international trade as acknowledged by the Government itself, the 2026–2027 budget fails to propose a structured vision or significant investments to reinforce Québec’s presence, credibility and capacity of influence on the international stage.

The Member for Laurier-Dorion:

THAT the National Assembly censure the CAQ government and the Minister Responsible for Housing for significantly reducing investments in the construction of social and community housing in the 2026–2027 budget, which fails to address the magnitude of the housing crisis and meet the needs of the population for truly affordable rent, as well as contributing to the worsening of the homelessness crisis.

The Member for D’Arcy-McGee:

THAT the National Assembly severely censure the CAQ government for its 2026–2027 budget, which fails to address the real needs in the areas of prevention and frontline services required to tackle the homelessness crisis and the growing demand for mental health care.

The Member for Taschereau:

THAT the National Assembly severely censure the Government for its lack of ambition and consistency in the fight against climate change and for its implicit support for projects that are incompatible with the protection of the environment and biodiversity in the budget tabled the Minister of Finance;

THAT the National Assembly severely censure the Government for the chronic underfunding of the community sector, which jeopardizes its workers who single-handedly keep a sizable proportion of Quebecers’ social safety net afloat.

The Member for La Pinière:

THAT the National Assembly severely censure the CAQ government for its 2026–2027 budget, which does not provide any measures to support existing intermediate resources or to develop new facilities that are essential for the most vulnerable people.

The Member for Mont-Royal–Outremont:

THAT the National Assembly severely censure the CAQ government for its 2026–2027 budget which, despite the Government’s commitment, still does not provide remuneration for all mandatory internships in the public sector.

The Leader of the Second Opposition Group:

THAT the National Assembly censure the CAQ government for providing in the 2026-2027 budget a sum of \$250 million for the next five years to be used by the next person to be elected Leader of the Coalition Avenir Québec and Premier of Québec.

The Leader of the Official Opposition:

THAT the National Assembly severely censure the CAQ government for its 2026–2027 budget, which does not meet the expectations of Quebecers and contains no adequate responses to the issues they face in their daily lives with regard to the cost of living and access to public services.

The Member for Arthabaska:

THAT the National Assembly censure the CAQ government for its inability to provide adequate financial support to our farmers.

The Member for Nelligan:

THAT the National Assembly severely censure the CAQ government for letting major establishments like the Hôpital Maisonneuve-Rosemont deteriorate due to a lack of clear financial commitment, after eight years of management marked by delays and inaction.

The Member for Hochelaga-Maisonneuve:

THAT the National Assembly severely censure the CAQ government for abandoning the ideal of Québec being a province crazy about its children by refusing to prioritize the completion of our childcare centre network in its last eight years in office.

The Member for Jacques-Cartier:

THAT the National Assembly severely censure the CAQ government for tabling a 2026–2027 budget that does not meet young people’s needs and that lacks vision for future generations.

The Member for Saint-Henri–Sainte-Anne:

THAT the National Assembly censure the CAQ government and the Minister of Health and Social Services for delaying the construction of the new Hôpital Maisonneuve-Rosemont for the 14th year in a row, and for causing a decline in access to health care and services in our public institutions as a result of drastic austerity cuts, a hiring freeze for administrative personnel and the privatization of public services.

The Member for Mille-Îles:

THAT the National Assembly severely censure the CAQ government for a budget that confines itself to the announcement of 1,000 affordable housing units over three years, which is in no way commensurate with actual needs, and for its inability to ensure adequate funding for the Residential Adaptation Assistance Program.

The Member for Acadie:

THAT the National Assembly severely censure the CAQ government for its inability to increase the number of prosecutors and administrative personnel to ensure efficient legal proceedings, and for its delays in the digital transformation of the justice system.

The Member for Westmount–Saint-Louis:

THAT the National Assembly severely censure the CAQ government for its 2026–2027 budget, which does not meet the real needs on the ground to face the rise of violence and crimes in Québec.

WRITTEN QUESTIONS

*Questions already placed on the Order Paper
are published each Wednesday*

(111) Mr. Grandmont (Taschereau) – **26 March 2026**
To the Minister of Transport and Sustainable Mobility

The road safety fund (FSR) is made up of the revenues from photo radar devices. When the FSR was implemented, the Québec government committed to using those revenues to financially support projects promoting road safety and helping road accident victims.

On 1 April 2025, the Ministère des Transports et de la Mobilité durable changed the terms of the financial assistance program of the road safety fund (PAFFSR), which is funded with the surpluses of the FSR, for the “awareness, cooperation, education and training” component so that only road safety projects could be eligible to it, road accident victims no longer having access to it.

The PAFFSR was renewed for 2025–2028 for \$40 million, including a budget of \$14 million for 2025–2026 following the call for projects, which ended in July 2025. The end of that funding is a significant loss of revenue for organizations that represent people with craniocerebral trauma, which were unable to present projects last July due to the new terms.

My question to the Minister of Transport and Sustainable Mobility is the following:

- 1) What were the sums allocated to the projects regarding road accident victims as part of the last call for projects of the PAFFSR, as well as for the 2023–2024 and 2024–2025 periods?
- 2) Does the Ministère des Transports et de la Mobilité durable undertake to review the terms of the program to correct the exclusion in place since 2025, which prevents community organizations from presenting projects to support initiatives in favour of road accident victims and to foster the emergence of awareness, prevention, education, cooperation and training projects, as the Minister promised to the population and as it had been the case since the beginning of the project?

(112) Mr. Fontecilla (Laurier-Dorion) – 26 March 2026
To the Minister of Public Security

During the tabling of its budget, the Québec government stated that public security was one of the State's primary missions. Social rehabilitation organizations play a key role in this regard by supporting persons with a criminal record and facilitating their reintegration, and thus directly bolstering public security in Québec.

However, for several months now, many financial issues have affected these organizations. A three-year freeze on all contracts between the Ministère de la Sécurité publique and community organizations is curbing the latter's ability to maintain the same level of service in the face of increasing costs. In some cases, specialized per diem allowances have been withdrawn and spaces in halfway houses reduced, lowering reception capacity.

These issues are compounded by the administrative streamlining measures and cuts announced by the Ministère de la Sécurité publique, which hamper the work of these organizations. Examples include the end of government funding in the amount of \$1.5 million for specialized social rehabilitation programs in correctional facilities, and the new limit of one follow-up session per month for high-risk individuals. In a context of financial uncertainty, these measures complicate service planning, weaken teams, result in the reduction of activities and even the loss of expertise or the closing of certain resources in some cases. The situation leads to the disruption of services for thousands of persons with a criminal record and puts further pressure on the correctional and judicial system.

Specialized organizations that work with sex offenders are an example that demonstrate the impact of those changes. Those organizations are an essential component of public security in Québec. By providing services to sex offenders, in particular specialized intervention programs, those organizations and professionals help reduce the risks of recidivism, promoting the safety of the entire population. However, those organizations are already working with few resources and remain heavily reliant on financial support from the State to provide adequate and efficient prevention services.

Those organizations are now more relevant than ever. In fact, the Ministère de la Sécurité publique has recently reported that the rate of sexual offences declared by Québec police forces increased by 109.9% over the last decade (2013–2022). Such an increase means more needs and, as a result, increased costs for prevention operations.

On 8 December 2025, the Minister agreed to meet members of the network to hear their concerns. Changes have yet to be seen, and now those organizations, which are crucial to public security, are facing great uncertainty over the sustainability of their activities.

My question to the Minister is the following:

What measures does the Minister intend to take to ensure that stable, predictable, adequate funding is implemented for the social rehabilitation network, in the name of public security?
