Motions moved during the Opening Speech and the debate on the Opening Speech:

### **The Leader of the Official Opposition:**

THAT the National Assembly severely censure the CAQ government for its lack of concrete results, the weakening of its commitments to Quebecers, and a stale vision that is ill-suited to the challenges of today.

### **The Leader of the Second Opposition Group:**

THAT the National Assembly censure the CAQ government for its negligence regarding the maintenance of our public infrastructure, its lack of ambition in carrying out an economic and ecological transition that addresses current issues, and its marked disinterest for the difficulties experienced by Québec tenants.

### **The Member for Marquette:**

THAT the National Assembly severely censure the CAQ government for its lack of measures to address the rising cost of living, in a context where food banks face a substantial increase in requests and Quebecers have to go into debt to eat, as well as for ignoring that reality in the Opening Speech.

**The Member for Verdun:**

THAT the National Assembly severely censure the CAQ government for its inability to curb the sharp rise in the cost of groceries and to protect Québec households with regard to the excessive profits of large grocery chains.

**The Member for Bourassa-Sauvé:**

THAT the National Assembly severely censure the CAQ government for its lack of vision and ambition in education, its lone guideline being to avoid slashing, this time, the already strained budgets for services to students.

**The Member for Mont-Royal–Outremont:**

THAT the National Assembly censure the Government for having damaged the attractiveness and stability of Québec’s higher education network and for having no plan to address the consequences of its own policies.

**The Member for Acadie:**

THAT the National Assembly severely censure the Government for its intent to continue its constitution project without consulting the First Nations and the Inuit.

**The Member for Laurier-Dorion:**

THAT the National Assembly censure the CAQ government for removing tenants from its priorities and for policies that impoverish them, in a context where tenants are severely impacted by the housing crisis and the average rent has increased by 64% over the last eight years.

**The Member for Jacques-Cartier:**

THAT the National Assembly severely censure the CAQ government for its Opening Speech, which does not meet the needs of the youth and which lacks vision for future generations.

**The Member for Jean-Lesage:**

THAT the National Assembly censure the CAQ government for its lack of consideration for Quebecers from immigrant backgrounds and its persistence in unfairly blaming them for its mismanagement of public finances, the housing crisis and the underfunding of our public services.

**The Member for Marguerite-Bourgeoys:**

THAT the National Assembly severely censure the CAQ government for the mismanagement of public finances, the improper use of public funds and the implementation of measures that do not promote the economic development of Quebecers, that maintain a weak average GDP growth of 1 % and that have caused an unacceptable decrease in productivity over the last term.

**The Member for Jean-Talon:**

THAT the National Assembly censure the CAQ government for its reductive and provincial vision for Québec's international relations.

**The Member for Jeanne-Mance–Viger:**

THAT the National Assembly severely censure the CAQ government for its lack of vision regarding our SMEs in the regions, in particular because of its preference for foreign companies.

**The Member for Sainte-Marie–Saint-Jacques:**

THAT the National Assembly severely censure the CAQ government for denying the right to self-determination of our Anishinabeg, Atikamekw, W8banaki, Naskapis, Wendat, Eeyou, Innu, Kanien'keha:ka, Mi'gmaq, Wolastoqiyik and Inuit brothers and sisters by refusing to adopt legislation on the application of the United Nations Declaration on the Rights of Indigenous Peoples before the end of the current term.

**The Member for Notre-Dame-de-Grâce:**

THAT the National Assembly denounce the CAQ government's delay in giving Québec a real market diversification strategy and in preparing the revision of CUSMA, in a context in which Québec is excessively reliant on the United States while Québec companies, exporter regions and workers are already heavily affected by commercial uncertainty, particularly in key sectors such as steel, aluminum and lumber.

**The Member for Maurice-Richard:**

THAT the National Assembly censure the CAQ government for its record on social, societal and climate issues.

**The Member for La Pinière:**

THAT the National Assembly severely censure the CAQ government for the total lack of measures to address the seniors' housing crisis in the Opening Speech.

**The Member for Westmount–Saint-Louis:**

THAT the National Assembly censure the CAQ government for cutting funding for PSPNET, an online therapy program, available throughout Québec at all times, specifically designed for emergency workers such as police officers, firefighters, ambulance operators, correctional officers, emergency dispatchers, highway controllers and search and rescue teams.

**The Member for Arthabaska:**

THAT the National Assembly censure the CAQ government for failing to fulfil its responsibilities as a partner to municipalities, businesses, organizations and civil society as a whole.

**The Member for Taschereau:**

THAT the National Assembly severely censure the CAQ government for imposing unacceptable conditions of employment on community workers as a result of its chronic underfunding and its refusal to take action.

**The Member for Mille-Îles:**

THAT the National Assembly censure the CAQ government for committing considerable sums of money to unnecessary programs that do not adequately meet the needs of the most vulnerable households and contribute to worsening the affordability crisis.

**The Member for Chicoutimi:**

THAT the National Assembly censure the CAQ government for its poor understanding of regional issues and its failure to take action with regard to the development of Québec's regions.

**The Member for Terrebonne:**

THAT the National Assembly censure the CAQ government for its inefficient interventionist economic policy.

**The Official Opposition House Leader:**

THAT the National Assembly severely censure the CAQ government for its inability to adequately manage public finances and provide essential services to Quebecers in a timely manner, in particular with regard to its 2022 promise to convert 56,000 unsubsidized childcare spaces.

**The Member for Îles-de-la-Madeleine:**

THAT the National Assembly severely censure the CAQ government for its failure to implement a structured solution to reduce emergency wait times and for having instead proposed superficial solutions, such as pilot projects for virtual ER waiting rooms.

Motion moved by the Premier, –That this Assembly approve the Government's general policy.

**WRITTEN QUESTIONS**

- 18) Ms. Poulet (Laporte) – **5 June 2026**  
To the Minister of Education

For more than 30 years, the Government has relied on the Indice de milieu socio-économique (Socio-Economic Environment Index) (IMSE) to determine the allocation of various support measures and additional resources for the most vulnerable students.

The current methodology is based on geographic data from the federal census, which is conducted every five years, and on just two socioeconomic indices: the level of education of the mother and the employment status of the parents. These indices provide only a partial picture of the socioeconomic reality in Québec schools and assign a school the statistical profile of a geographic area rather than that of the students who actually attend it.

In recent weeks, several schools, including about 40 in Montreal, have seen their deprivation indices decrease. Since the IMSE is based on a relative ranking of neighbourhoods, some schools historically recognized as disadvantaged have seen their decile rank decrease, not as a result of a significant improvement in their students' circumstances, but because other neighbourhoods now have even higher deprivation indices.

This reality raises a significant concern: a school may lose resources even though its students' needs have not decreased. However, funding decisions based on the IMSE risk having grave consequences. For instance, increasing class sizes, reducing remedial and psychoeducational services, and eliminating classroom aides will have substantial repercussions on students and school staff, who are already stretched to the limit.

My questions to the Minister of Education are as follows:

- 1- Does the Minister acknowledge that some schools are experiencing an improvement in their IMSE ranking and, as a result, a reduction in the resources allocated to them, even though this does not necessarily reflect a decrease in the needs of their students?
- 2- Does the Minister commit to revising the IMSE methodology to better reflect students' socioeconomic circumstances, in particular by considering the inclusion of new variables, and does she agree to establish a mandatory periodic review mechanism for this methodology so that resources are allocated according to students' actual needs?
- 3- Does the Minister commit to maintaining the current funding levels for schools whose IMSE rating is downgraded during the census update, so that this revision does not result in a reduction of allocated resources for the 2026–2027 school year?
