## **EXPLANATORY NOTES**

*This bill proposes to extend certain measures to reduce the effects of the 2008 financial crisis on supplemental pension plans.*

*To that end, the Supplemental Pension Plans Act is amended in order to extend by two years the application of the provisions related to the payment options in the event of insufficient assets that apply in the case of the termination of a pension plan or the withdrawal of an employer who is a party to the plan as a result of the employer's bankruptcy or insolvency.*

*In addition, a two-year extension is made to the provision under which, if an employer takes advantage of funding relief measures established by regulation, the amount of the pension paid out of the assets administered by the Régie des rentes du Québec and guaranteed by an insurer is established in such a way as to neutralize the effects of the funding relief measures.*
